

Senator Anne Carney, Representative Moonen,
and Honorable Members of the Joint Standing
Committee on Judiciary:

My name is Ruth Swanson I am a resident of
Unity. I'm here to testify in opposition to **LD
1619**

In **1962** , 61 years ago, I was carrying my First
child. I felt the baby moving the last trimester ,
it was kicking & turning as babies do. And
being excited to meet the new life with-in me.

On Nov. 8th my water had broke in
preparation for delivery. I gave birth **Naturally**
to full term 10 lbs **stillborn** baby girl !

I am testifying today in Opposition of **LD 1619**
to **make you men & women realize** if you had a

daughter, granddaughter, sister, or a niece that carried a baby up, as I did to Full term, you would be destroying that precious life they carried !

Believe me, that experience will change their life forever, and they will never forget how hard they try and how much Counseling they would get !

I say to you, the Judiciary Committee ,
Do not grant the desires of the wicked..

Vote against LD 1619

Now for the rest of my story..

In 1983 I thought I had the flu. The doctor said Mrs. Swanson you don't have the flu , You are Pregnant.. On November 8th 1983 21 years to the day, I delivered Natural baby girl. That Girl is going to be 40 years old this year !
Please Vote Ought Not to Pass
