

Dorian March 1619

Hello my name Dorian March and I'm here to give my reasoning for why the statehouse should not pass LD1619

Abortion is already horrific act committed against the most vulnerable members of our society these are defenseless people who don't know why they are being killed. The latter it gets the worse it is, after 25 weeks a baby can feel pain and the baby developing rapidly at 29 weeks its about the size of butternut squash at 34 weeks the baby is about the size of the cantaloupe. These children are much more formed than what you imagine. A popular form of late term abortion is quite literally dismemberment of the child what I am about to read is from a former practitioner of this butchery Anthony Levitio describing the procedure to the US house of representatives

[With suction complete, look for your Sopher clamp. This instrument is about thirteen inches long and made of stainless steel. At the business end are located jaws about 2 1/2 inches long and about 3/4 on an inch wide with rows of sharp ridges or teeth.]

...This instrument is for grasping and crushing tissue. When it gets hold of something, it does not let go. A second trimester D&E abortion is a blind procedure. The baby can be in any orientation or position inside the uterus. Picture yourself reaching in with the Sopher clamp and grasping anything you can. At twenty-four weeks gestation, the uterus is thin and soft so be careful not to perforate or puncture the walls. Once you have grasped something inside, squeeze on the clamp to set the jaws and pull hard – really hard. You feel something let go and out pops a fully formed leg about six inches long. Reach in again and grasp whatever you can. Set the jaw and pull really hard once again and out pops an arm about the same length. Reach in again and again with that clamp and tear out the spine, intestines, heart and lungs.

This state is already practicing systemic genocide of our young I am urging us not to take this a step further and kill more children especially those who can feel the dismemberment being done to them thank you
