

Leah Marks, Topsham, Maine

Sen. Carney, Rep. Moonen, and
members of the Joint Standing
Committee on Judiciary,

I am here today to ask you to
oppose LD 1619 and HOLD the LINE
with the law that stands now.

Please do not expand the law currently
in effect to include abortion without
restriction. I myself, do not support
abortion for any reason, with the
exception of saving the life of the
mother; however, I recognize that
Maine currently has a robust law
regarding abortion in effect.

I ask you today to HOLD THAT LINE,
and not radically expand the
law to include abortion on
demand for any reason without
restriction. This adjustment is
too, far too extreme.

HOLD THE LINE.

DON'T MAKE IT WORSE.
