

I am begging you to please reconsider signing this bill as it is written. The definition of killing is to stop a heartbeat. And I can compromise with abortions. If it is up to 12 weeks, please reconsider do not allow anybody by doctors to give and terminate any pregnancies, and if a pregnancy has to be terminated before full term, everything should be done to keep that fetus alive.

Thank you so much. Tammy Peabody  
612 Essex St., Bangor, ME.
