

Senator Carney, representative Moonen and honorary members of the committee, my name is Jaylah Littlefield and I live in Topsham. I am a 19 year old woman, and I've lived in Maine my whole life. This is my home. And I, along with many others, urge you to vote against LD 1619. As a Christian, Pro Life woman, I stand against all abortion, and see it as it is, which is murder. The lethal injecting, dismembering, and skull crushing is taking lives of innocent human beings in a brutal, painful, and violent way. And extending abortion access to full term is allowing more murder in our state. I will not stand for it. And I know that so many others will also stand against this. My home, this state, is not a place of murder.

Please oppose this extreme bill, that many Mainers do not want to see pass.

Thank you
