

LD1619

TITLE: An Act to Improve Maine's Reproductive Privacy Laws

Position: **OPPOSE**

Senator Carney, Representative Moonen, and members of the Judiciary Committee:

My name is Christine Webber, from Kennebunk, ME. I come before you today to speak in **opposition** of LD 1619

I have 4 adult children, 9 grandchildren and 1 great granddaughter.

I lost my first daughter, because she was born premature 10 weeks early. She lived 3 hours. My husband and I never got to see or hold our daughter. This was a great sorrow for us and continues to be.

Each life is precious. Each child has a unique personality, and special God given gifts. The LD 1619 bill would allow physicians to conduct an abortion at any time during a pregnancy. This bill terminates these precious beautiful children, not allowing them their right to live. Please recall in your own lives the people you know and love. Each of us here did receive the gift of life.

Please let all babies have this precious God given gift of life.

In conclusion,

I ask the committee to vote **NO** on LD 1619. Thank you!

Christine A, Webber
