I am against LD 1619 Late Term Abortion

Dear members of the Judiciary Committee.

IT is hard to believe that mankind is willing to kill the unborn.

It is hard to believe that people would rather kill a baby that they have made rather than except the responsibility of raising the child and giving it a chance in life.

Abortion is the direct and intentional killing of a child in the womb.

There is a moral and legal difference between losing a child through a miscarriage and intentionally taking the life of a child.

If people don't want to or are unable to raise a child give it up for adoption. This child could be a Doctor, Lawyer, President, School teacher, sky is the limit.

There is big money being made. Not only with abortion it self but all the harvesting of body parts.

God put us here to multiply.

He is the judge.

You and I will be held accountable for our actions.

Are you ready for that point in time?

Remember God is Love.

Thank you for your time.

Michael D. Morneau
