Name: PATRICK J. DASTIE

Please feel free to indicate your position on each bill by circling no more than one position below each bill title.

It's a travesty of justice to testify 2 mins over 3 bills! Sounds like a set-up.

LD 1619	LD 776	LD 1343
An Act to Improve Maine's Reproductive Privacy Laws	RESOLUTION, Proposing an Amendment to the Constitution of Maine to Establish the Right to Bodily Autonomy	An Act to Protect the Reproductive Freedom of Maine People by Preempting the Field of Abortion Regulation

Additional comments:

1) I have submitted testimony to LD1619

2) I oppose LD 776 as the body of a baby is not recognized as a human being even though medical science totally supports the unique body of a baby as it has its own DNA that is nowhere found in the universe -> therefore, a one of a kind in the whole universe!

I oppose LD 1343 as it tries to preempt any regulation us of & mean that nothing new exists. Besides it is counter intuitive to say you want reproductive freedom and you only basis is to preserve the non-reproduction by aborting the baby.

Thank you for taking the time to comment.

Why are you trying to force abortion down everyone's throat! There are many arguments against abortion but you don't listen! You think we don't understand but we do -> we are pro-women and want to help. Your solution is kill the child. No wonder 74% of pregnant women who had an abortion felt pressured into it!
