LD 1948, An Act to Amend the State's Data Governance Program Regarding Proprietary Data

Presented by Speaker Talbot Ross
To the Joint Standing Committee on State and Local Government

Senator Nangle, Representative Stover, and members of the Joint Standing Committee on State and Local Government, I am Anya Trundy, Chief of Legislative and Strategic Operations for the Department of Administrative and Financial Services. I am submitting brief written testimony to request that the Committee carryover LD 1948 so that this subject can be given the full attention and careful consideration it requires.

The State of Maine's data governance program is in its nascent stages and will ultimately touch every agency in state government. The many specific confidentiality requirements that apply to the unique types of information and records in the State's possession need to be carefully weighed against what this bill currently proposes. However, we have not had sufficient time to assess LD 1948's scope.
