MAINE LD1735

Committee: Judiciary

I am a gay man. I was a transgender woman for over 30 years, until my mental disorder was healed. I am a detransitioner. I was a member of the lgbTQia TransQueer Gender Rainbow Cult for over 30 years. I can call it a cult, as I am a victim of it, and its agenda to target, manipulate, groom and victimize anyone in its path, especially youth!

I am also a registered sex-offender. I was sex-trafficked & conditioned to become an agent of my handlers. I have seen personally how this cult has desensitized, conditioned, sexualized & criminalized youth.

Children are in danger! Children are being targeted! They are being preyed on and devoured! DO YOU CARE?!?!?! ANY OF YOU?!?!?

Not only would LD1735 open Maine up to child sex-trafficking, this bill allows children who have mental illness to be mutilated, sterilized & butchered. There are laws against exploiting the mentally disabled.

DYSphoria, means: DYS – an abnormal condition, phoria – mental confusion. I suffered from an abnormal condition of mental confusion, as does every single one of these trans-identified children that are receiving medical affirmation for mental illness. The body isn't the issue, the mind is.

TransQueer Gender Ideology is a hoax! It is a scam! Big-Pharma funds all of their advocacy programs & gender clinics while pedophiles & pederast organizations help them create research & statistical data to help separate children from their parents & families.

They'd rather children be in the hands of pederasts and sex-offenders like the "glitter families", which are groups of pedophiles & sex-traffickers that weaponize & utilize their victims to do their dirty work of recruiting & grooming more members.

PLEASE Hear Me; 10 years ago I said this cult was going to subject children to explicit obscene pornographic materials to desensitize them before sexualizing them while also making the children see their own parents as the enemy to further its wicked agenda to push trans-affirming destruction! They've done that.

I warned that educators & social workers were being groomed into the system to take control of these children through mind games and emotionally imprisoning them with depression, confusion etc. Well, they've done that too! IF LD1735 PASSES, MAINE WILL BECOME ONE OF THE TOP STATES FOR CHILD SEX-TRAFFICKING!

I am not saying it MAY happen or that it COULD happen, I am telling you, regardless of your thoughts, feelings, beliefs, or politics, if this bill passes Maine WILL be flooded with child sex-trafficking, pedophilia and the most detestable, criminal, barbaric tax-payer funded scientific & surgical experimentations like we have never seen before!

ANYONE that remains silent or takes part in passing LD1735 is, without a shadow of any doubt, a pedophile or a pedo-apologist! Plain and simple, there is no middle ground here! Do NOT Be A Pedophile or a Pedo-Apologist for the lgbTQia TransQueer Gender Cult's agenda!

Are there any questions?
