

The Declaration of Independence states:  
"We hold these truths to be self evident  
that all men are created equal, - that they  
are endowed by their Creator with certain  
unalienable Rights, that among these are  
Life, Liberty + the Pursuit of Happiness."

LD 780 is in direct opposition to  
Life, Liberty + the Pursuit of Happiness.  
I do not care if you are a Democrat,  
a Republican or a Republ. Cult; you are  
morally obligated to Defeat LD 780.

Life begins @ Conception. It is a  
Scientific fact. If Life doesn't begin @  
Conception, then what's your Daddy?  
Abortionist deny facts + try to confuse  
with Double speak - like "Reproductive  
Rights." Wouldn't Depopulation or  
Terminator Rights be more accurate?  
Reproduction is the natural process by  
which new individuals are generated +  
the species perpetuated. Abortion is the  
exact opposite. It terminates life, causes  
life to cease, it ends life. ~~Abortion~~ is not  
a Reproductive Right, it is a Deadly Wrong.

The slogan "Keep your hands off my Body" that's what you should be saying to your Boy friend if you don't want to get pregnant i.e. with child. But once you are pregnant, i.e. with child, then there are 2 Bodies, the mother's + the baby's. You need to keep your hands off the baby's body. Woe be unto the child in the Belly of the aborting Beast.

Some say it's a Women's Right to Abort, to Terminate an unborn child. Where are the rights of the child to be allowed to grow into a woman or a man. Does the father have any rights?

"Pro choice" is another Double speak for "Pro Death". You have a right to choose to have sex or not, the right to choose to use contraception or not, But you do not have the right to choose to Kill - No one does! The thought of little dead BABIES is gross, But little dead Babies are the Reality + actualization of an Abortion

Abortion is NOT Health Care; it is Hell Care - it doesn't heal - it kills. Please stand up for the American values of Life + Liberty + Justice. Please, stand up for the unalienable Right to Life - not Nazi style genocide. Without life, there is No Humanity. Without Life, there is Nothing.
