

01/22/24 Testimony

To the members of the Judiciary Committee Chair Senator Carney, Representative Moonen, and esteem members.

I am incredibly saddened that we are here again, 8 months later. After more than 2,000 people spoke here in this house to tell you how terrible, how wicked and evil of a thing members of this committee tried and succeeded in doing, you are now here again to work against the people, children, the oppressed, all for your votes and twisted ideology. There is a line in this proposed bill.

“Every person has a right to personal reproductive autonomy, which is central to dignity and the liberty to determine one's own life course.” Look at any scientific text book and it will tell you that humans are humans from the beginning. You have unequal measures. But more important than all of this, is that God has spoken on what is right and what is evil. And there is blood on the hands of members in this committee. Please the cries of children killed in the safety of the womb are calling out. This state has seen the judgement of God and it will continue to do so until we repent, turn to him, and stop celebrating wickedness.

We all have a religion. Everyone has a standard of morality, followed by rules, apostates, religious texts, and so on. I am willing to stand up for what the truth is. Who the only God is. Yours will crumble. Yours is deaf and mute. While you seem to have power and authority now, it is only granted for a time. Please, turn to Jesus Christ. Turn away from your idolatry. Find grace and forgiveness from Jesus. Be saved. Thank you for your time. I am praying for you all.
