Senator Grohoski, Representative Perry and Members of the Joint Standing Committee on Taxation, Thank you all for hearing us today.

- moved to Maine to raise our children because we loved the area
- fell in love with the lifestyle and communities and wanted to work closer to home
- wanted to reinvest in the area and the community
- Find ways to repurpose and restore defunct properties
Mills, inns, grange halls
- Engage with the stories and the storytellers in the area
- Provide a structure for future storytellers

Thank you for considering this resolve.

Sincerely,
Sarah Clarke

Yarmouth and Hiram Maine
