**This message originates from outside the Maine Legislature.**

**We have lived in Maine on waterfront property since 1960. We have treasured and cared for this land since then. There are others, it appears, who only see dollar signs or their egocentric desires and ignore governmental laws that they can bend or disregard. Preservation of these natural treasures for us as well as generations to come are disregarded.**

**It is up to you to put a stop to the desecration of these natural treasures!! Please, do not ignore the actions you must take to protect and maintain our land and waters!!**

**Sincerely,  
Charlotte Neuberger
