This message originates from outside the Maine Legislature.

Sent from my iPad. I have forgotten my reps name for York county. Democrats only make an impression on me when they are up to some evil. This bill to be voted on is the definition of pure evil. The permanent damage done to young and impressionable youth will stay with them and mark them for life. Changes such as these should only be made by the fully mature and then only after consultation with doctors family and perhaps for some clergy. Why does Maine want the distinction of being the vacation spot to have your genitals removed. In my reading of people who have done this regret seems to be very common. God made us we did not make ourselves nor did our parents go order us to spec. The troubles in this world are nearly all caused by mankind doing things contrary to the ways laid out by our Maker. Let us not again try to act as if we are wiser than He who made us all and all of creation. Let us have a lot more prayer and a lot less arrogance. William Tappan Eliot Maine
