This message originates from outside the Maine Legislature.

I'll be at the hearing tomorrow to discuss this further, but please watch this link of a lovely clinician I know very well. In this video she outlines the medical scandal so kindly identified as "gender affirming care" you folks will be celebrating if you pass LD 227. WPATH is an activist group. A group that will soon be revealed for what they are thanks to people who actually care about our young people.
