**Subject:** LD 227 An Act Regarding Health Care in the State Ought NOT to PASS

**This message originates from outside the Maine Legislature.**

Dear Senators and Representatives of the Health Coverage, Insurance and Financial Services Committee,

An Act Regarding Health Care in the State, LD 227, has nothing to do with healthcare.

I really cannot believe that this is coming up again. This time it covers the worst crimes of all times, Human Trafficking, Abortion, and Transgendering. If you vote for this, you do not care anything about Human Dignity. This will make Maine the most Dangerous State in the United States of America, especially for children.

Please do not pass this bill, LD227, and better yet please stop bringing bill like this again.

Sincerely,

**Marie L. Correa**
