**This message originates from outside the Maine Legislature.**

Hello,

I don't support this bill for many, many reasons.  
There is no such thing as gender affirming surgery.  
There are only two genders, male or female. If you are born with a vagina, you are female forever. If you are born with a penis, then you are a male permanently.  
No surgery can alter that fact. Children cannot decide to change their gender. Parents have rights over their children.
