To the representing body of LD 227:

I do not understand how this is good for Maine or anyone for that matter. If this is a representative government, I want to know who is it representing? Are you representing planned parenthood? Are you representing Klaus Schwab and the World Economic Forum? I know that your representing Satan.

According to Bill Diamond on V.O.M., Voice of Maine talk radio, Maine has the worst child abuse in the country. We have children being tortured and killed in this state, many while being under state care. We have double the national average of child abuse and it is no wonder, our representatives spend their time trying to come with more ways to hurt more children.

The people of Maine are going to be funding child trafficking and organ harvesting with our tax dollars and you think that you were elected to make that choice? Do you plan to change the kidnapping laws? That is exactly what this is.... kidnapping. Anyone who votes for this should be charged with endangering the welfare of a child.

That is all I have, no more appropriate words to describe this pure evil.

Sincerely and with best regards,

Christopher Dunphy
