RE: Notification of Stranded Cost Rate Change on Versant Power Bill for Account # [REDACTED]

Dear Customer,

We are reaching out to provide you with a glimpse of this year's stranded cost reconciliation (Docket 2024-00078) filed April 1 with the Maine Public Utilities Commission, which will change how stranded cost rates are applied to our customers' bill as of July 1, 2024.

A new, fixed monthly stranded cost fee is under review and would capture expenses and incentives to develop Maine's renewable power generation and net energy billing programs.

Here are details on how this change may affect your account. Please note: **This is an estimate**, as this change is still being reviewed by the Maine Public Utilities and has not yet been approved.

Current rate class is:	M-1 Medium Primary
2023 annual kwh usage was:	45600
Stranded Cost paid in 2023:	\$991.34
Estimated Stranded Cost to be paid in 2024:	\$7115.04
Estimated impact from 2023 to 2024:	617.72%

Once the filing is approved by the MPUC, the final version of the tariff can be found on our Versant Power website at [versantpower.com/business/rates/](https://www.versantpower.com/business/rates/).

If you have questions, please call the Customer Contact Center at (207) 973-2000 or 1-855-363-7211 between 7:30 a.m. and 5:00 p.m. Monday through Friday or email us at info@versantpower.com.

Sincerely,

Versant Power
