My name is Thomas Bayne and I come here today to speak in favor of the Bill 492, for Parents and Families to use their God given right to raise their families without Government interference.

- My family is originally from the Northeast before the boundaries. The induction of this abuse started with the Native American Families who were poor; only in our monetary value. Their rights stripped, children indoctrinated into a different cultural environment and years of systematic abuse that erased traditions and customs given to parents to be passed down along their bloodline. This is detailed in "The education of Little Tree".
- The Constitution of the United States has Identified the Parental right of its citizens as an Unalienable Right. Unfortunately, the current regime in Maine is running a Child Trafficking Ring.
- I have studied Child Trafficking since 2007 when my oldest son was kidnapped, I know how the Governor and Maine CPS is using their positions to bolster their budget and to strip parents of this basic right.
- I have filed in the United States District Court of Maine Treason Charges against Governor Janet Mills and Head of Maine CPS Bobbie Johnson.

- Heavently Father, please keep our children safe and let them know that we are coming for them! And please let Marie Antoinette that we will no longer be pacified by cake; buy only the return of ALL OUR CHILDREN!

UNITED STATES COURT
DISTRICT OF MAINE

Thomas A. Bayne, Jr. CRIMINAL ACTION: Relief Requested Without Hearing
Plaintiff,

V. CIVIL ACTION DOCKET NO. 2:25-CV-00047-SDN

STATE OF MAINE (Governor Mills), MAINE CPS/DHHS (Bobbie Johnson)

Defendants

MOTION:

The Governor of Maine (Janet Mills) and the Director of Maine CPS (Bobbie Johnson), are guilty of violating the United States Constitution; including the Bill of Rights.

MOTION FOR REQUESTED IMMEDIATE RELIEF WITHOUT HEARING

The Plaintiff and his children have been unjustly separated. The use of parenting alienation, non-verified hearsay accusations, and the use of Maine CPS at the Direction of the Governor is without question an attack on the parents and children in the United States. This includes conspiracy by using local law enforcement, mental health care fraud, and the office of Maine CPS to carry out these attacks. The Plaintiff's children; have been kidnapped by the Governor of Maine in her official capacity using the director of Maine CPS to carry out this atrocious criminal action against the Plaintiff. (exhibit #1). These actions have been reported to Lisbon Falls Police Department, Lisbon Maine on 02/20/2025, with the response of "I don't have time for your children" during the reporting of the crime to State employee Jim Goss. Currently these Constitutionally protected children are being abused and groomed for CHILD TRAFFICKING. The Plaintiff is asking for Immediate Assistance for the return of his children who are guaranteed protection under the protection of the 4th and 14th Constitutional Rights.

BACKGROUND:

In filing these criminal charges of such magnitude comes with it the responsibility of being able to prove by law and by the United States Constitution; including the Bill of Rights; trespasses against United States Citizens. The government of Maine is actively violating the rights of the 4th and 14th amendments. Government in Maine is attacking both the parents and children's rights, including ADA/ICWA protections. This is a systematic process in action to defraud the Government of the United States, including health care fraud. The purpose of the Federal Rules of Criminal Procedure is to provide for the just determination of every criminal proceeding, to secure simplicity in procedure and fairness in administration, and to eliminate unjustifiable expense and delay.

United States Constitution Criminal Code

18 U.S.C. § 2381: Whoever, owing allegiance to the United States, levies war against them or adheres to their enemies, giving them aid and comfort within the United States or elsewhere, is guilty of treason and shall suffer death, or imprisoned and fined, and incapable of holding any U.S. office. No Person shall be convicted of Treason unless on the testimony of two Witnesses to the same overt Act, or on Confession in open Court.

RELIEF REQUESTED BY THE COURTS OF THE UNITED STATES DISTRICT OF MAINE

Immediate action procuring the release of all children held by the State of Maine to their parents who fit the required criteria for Constitutionally Protected Rights that have been violated by the 4th and 14th amendments. The crime of TREASON WILL BE PROVEN AGAINST ACTORS OF STATE GOVERNMENT, who have been complacent in this action.

JURISDICTION:

The United States District of Maine has original jurisdiction over cases filed within its jurisdiction. These cases can include civil and criminal matters that fall under federal law.

The jurisdiction of the District of Maine consists of all the counties in the state of Maine.

EXHIBIT #1

Dr. Bankoff was able to review your message. He spoke with a supervisor at DHHS and notified them of your request to allow Micah and Gabe to have access to their support animals. Where that request goes at this point is between DHHS, you, and your lawyers. We unfortunately cannot offer any further support with this request as a primary care office.

It has become apparent within our office and DHHS office that it is not appropriate for Dr. Bankoff to continue being both your primary care physician and Gabe and Micah's primary care physician, it has been determined to be a conflict of interest. Dr. Bankoff is more than happy to continue working with you for any health concerns and/or preventative care. The boys have been reassigned to another primary care provider. DHHS has also informed us you are not at liberty to know where the boys will be receiving care so we do need to abide by this request at this time
