Dear Members of the Housing and Economic Development Committee,

I am writing to ask for your support of LD#1106, which would provide much-needed funds to help redevelop the Island Nursing Home in Deer Isle. It was such a sadness that the nursing home had to close. Repurposing the facility will go a long way toward finding affordable housing for the many people who work on the island but have to live off-island because housing is unavailable.

Please give serious consideration to this bill. It will ease the burden on many who are unable to find housing and live in the community they work in.
