Senator Mark Lawrence, Chair
Representative Melanie Sachs, Chair
Members of the Joint Standing Committee on Energy, Utilities and Technology
Cross Building, Room 211

Re: LD 912 An Act to Address the Use of Electricity by Data Centers.

Senator Lawrence, Representative Sachs and Honorable Members of the Energy, Utilities and Technology Committee:

Midcoast Regional Redevelopment Authority (MARRA) is **neither for nor against** LD 912 An Act to Address the Use of Electricity by Data Centers.

My name is Woodie Bartley. I am the Utilities Director for MARRA. I am here today to provide information on the load profile of the Brunswick Landing Electric Utility; and to understand how this bill would affect our system and if there would be an exemption for systems already exceeding the 25% threshold.

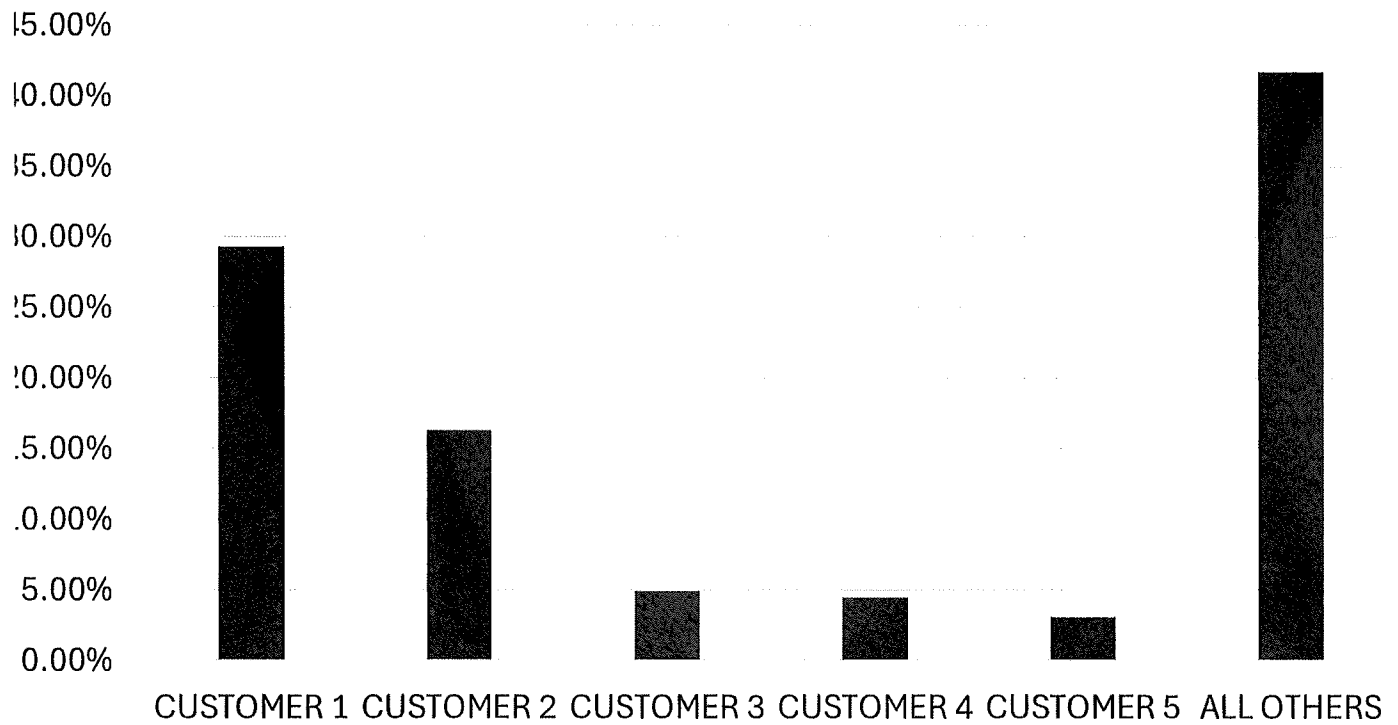

Please see attached graph and chart.

Respectfully submitted,

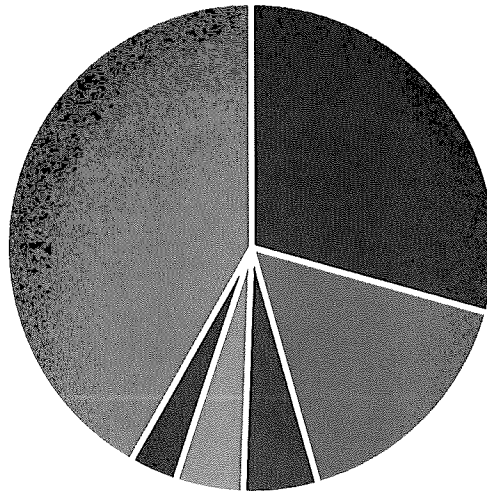

Woodie Bartley
MARRA Utilities Director
