This message originates from outside the Maine Legislature.

My name is Stephen Leavitt and I am a small landlord(3 apartments in one building) in Bangor, ME.

You gave this bill a fancy name that tends to masquerade its true reason for being. That really isn't fair and some may even call it deceptive.

I am against this newly labeled rent control bill. You are just going to add layers of unneeded and expensive legislation on top of what we have to deal with already.

Please do not send this bill to the full legislature.

Yours,
Stephen (and Gale) Leavitt
