This book was printed on-demand by Lightning Source, Inc (LSI). The on-demand printing system is environmentally friendly because books are printed as needed, instead of in large numbers that might end up in someone's basement or a dump site. In addition, LSI is committed to using materials obtained by sustainable forestry practices. LSI is certified by Sustainable Forestry Initiative (SFI® Certificate Number: PwC-SFICOC-345 SFI-00980). The Sustainable Forestry Initiative is an independent, internationally recognized non-profit organization responsible for the SFI certification standard, the world's largest single forest certification standard. The SFI program is based on the premise that responsible environmental behavior and sound business decisions can co-exist to the benefit of communities, customers and the environment, today and for future generations <[sfiprogram.org](http://sfiprogram.org)>.

Producciones de la Hamaca is dedicated to:

- Celebration and documentation of Earth and all her inhabitants,
- Restoration and conservation of Earth's natural resources,
- Creative expression of the sacredness of Earth and Spirit
