

Testimony in Support of

LD 1665: An Act to Provide Property Tax Relief to Maine Families

May 1, 2025

Chairpersons Senator Grohoski and Representative Cloutier and honorable members of the Taxation Committee:

My name is Kerry Leichtman. I am a Certified Maine Assessor serving the jurisdictions of Camden and Rockport. I am testifying today in support of LD 1665.

LD 1665 not only modifies the property tax fairness credit base for various beneficiary groups, it also recommends the convening of a working group to study and make recommendations for making the process more accessible to those who would benefit from it.

These are changes worthy of your support.

Thank you for considering my testimony.
