I am contacting you to oppose this bill. The premise of this bill is overreaching into my rights as a property owner and a citizen of the State of Maine. Landlord's rights have already been reduced to a harmful levels financially speaking. This further reduces my rights and quite frankly is asking for information that is none of the business of any municipality or state agency. I pay income on any rent amounts that I receive and to have to register with a municipality or the State of Maine my rental properties is unfathomable and over steps.
