

Good Day Ladies and Gentlemen of the Veterans and Legal Affairs Committee.

My name is Amy McFarland.

I run Independence Farm with my husband.

Today I am testifying in favor of LD# 1488

(An Act Regarding Cannabis Testing and the Manufacture of Cannabis and Hemp Products)

This bill allows for cannabis and non-cannabis products to be manufactured within the same facility. It also requires the manufacturing-related equipment within the facility to be sanitized between the manufacturing of cannabis products and the manufacturing of products that do not contain cannabis.

In addition to this, the cannabis and cannabis products are kept separate from products that do not contain cannabis. These protocols will help ensure there is no cross contamination within these facilities.

With that said, I ask you all to vote "Yes" on LD#1488.
