

Good Day Ladies and Gentlemen of the Veterans and Legal Affairs Committee.

My name is Amy McFarland.

I run Independence Farm with my husband.

I am also a long time medical cannabis patient.

Today I am testifying in favor of LD# 1567.

(An Act to Require Labeling of Radiation Treatment and Ozonation of Adult Use Cannabis and Inspection and Registration of Associated Equipment)

Whether it is a recreational product or a medical one, a label should be required to inform the public if the cannabis product has received this type of treatment.

Requiring inspection and registration of this equipment is important.

If a problem ever arises in the future with these machines, DAFS can more easily identify users and warn them.

With that said, I ask you all to vote "Yes" on LD#1567
