## **Testimony in support of LD 1805 to the Committee on the Judiciary**

May 12, 2025

Senator Carney, Representative Kuhn, and distinguished members of the Committee:

My name is Peter Lehman and I live in Thomaston. I am a formerly incarcerated citizen and a person in long-term recovery.\* I am testifying on behalf of the Maine Prisoner Advocacy Coalition, promoting restorative practices to increase public safety and the health of our communities.

As you are well aware, **any criminal conviction is a life sentence**. With recent development of cheap and easy access to criminal records, and the development of “Business Screening Services” making money using them, any criminal record follows a person like a shadow, haunting their efforts to find work, find housing, and even find recreation.

This is particularly tragic when the “crimes” are a **result** of the person’s own abuse and/or exploitation.

Abuse and exploitation create **deep and lasting scars** that are also a life sentence. These deep and lasting scars can shape, and sometimes distort, lives and actions—sometimes in criminal behavior. So **the life sentence of abuse and exploitation can lead to a criminal conviction and life sentence for the victim**.

When that has happened, it is appropriate that we create a process and mechanism for the criminal conviction itself to be reviewed. To avoid another life sentence.

We urge you to support it.

Thank you for your attention.

I am happy to try to answer any questions.
