- **My Name is Gordon Berry, and I'd like to say thank you for allowing me his chance to speak. My Father was Gordon Berry Sr., who passed away July 29th of 2025 at the age of 70. I would support the idea of the bridge in West Forks being named after my father for a number of reasons. He spent his entire life in West Forks, he owned and operated the family store for many years, he served the public for the majority of his life in every way that he could, from assisting Game Wardens in searching for people that were lost in the woods, helping to build and improve local snowmobile trails, to spending many years on the volunteer Fire Department, as well as starting the local deer feed program a number of years ago, which became very popular. He was a very selfless person, and whenever someone needed a hand with anything, he was there, no matter the time of day or night. He knew the area better than anyone that I've ever known, was an extremely skilled outdoorsman who loved the area, and the people there very much. I've been told many times by people that when they think of West Forks, they think of my father. It would be a great honor to myself and my family for this bridge that many of us pass over every day, to be named after my Father. Thank you for your consideration.**

Gordon Berry
