Subject: LD 2104

Hello,

Working inside a dealership every day, I see firsthand how much our success depends on fair treatment from manufacturers. LD 2104 provides dealers with essential protections, including fair product allocation, safeguards against coercive contract changes, and adequate notice to plan for the future. When dealerships are treated fairly, employees benefit from stable jobs, more predictable workloads, and the confidence that their hard work won't be undone by decisions beyond their control. Supporting this bill is an investment in the workers who keep this industry moving.

Best Regards,
Derek White
