

Mike Tipping
Senator, District 8

THE MAINE SENATE
132nd Legislature

3 State House Station
Augusta, Maine 04333

Representative Roeder and fellow members of the Labor Committee,

My name is Mike Tipping, I represent Senate District 8 and it is my honor to introduce LD 2145, An Act to Decrease Offsets to Disability Retirement Benefits.

LD 2145 will increase the amount that recipients of MainePERS disability retirement benefits who also get Workers' Compensation benefits my receive before the statutory offset applies to their disability retirement benefits. It also removes what would then be an outmoded means of calculating compensation.

I appreciate your consideration of this bill.
