**Subject:** Support to the Major Substantive rules provisionally adopted by the complementary healthcare providers

**This message originates from outside the Maine Legislature.**

Dear Legislators,

My name is Sarah Kenney and I live in Orono Maine. I'm writing in support of Major Substantive rules provisionally adopted by the complementary healthcare providers.

I have been using a naturopathic physician for my family for the last 15 years. My practitioner is extremely thorough and has treated many health issues that western medicine practitioners have missed. Currently our 3 children who are 26, 23, and 20 are thriving because of treatment and the many ways that our naturopathic physician has encouraged wellness in so many aspects of our lives.

With the new rules naturopathic physicians will be able to provide a significantly enhanced number of medications and IV therapy. This ability would allow many of us who use this type of care to have the full treatment plan from very well qualified naturopathic physicians.

Thank you for your consideration.

Sincerely,

Sarah Kenney
