**Subject:** Support to the Major Substantive rules provisionally adopted by the complementary healthcare providers

**This message originates from outside the Maine Legislature.**

Dear Legislators,

My name is Brynn Kenney and I live in Orono Maine. I'm writing in support of major substantive rules provisionally adopted by the complementary healthcare providers.

I am 23 years old and have used a naturopathic physician for 8 years. She has supported me through some health challenges. I have always felt that she has listened to my concerns and put together a treatment plan that aligns with my ability to balance school, sports, and work. She is a big part of my team of caregivers and I fully support her ability to provide additional medications and IV as part of her wellness offerings. I hope that the State of Maine finds ways to increase the amount of naturopaths so others can receive the care that I received.

Thank you for your time and consideration.

Best Regards,

Brynn Kenney
