This message originates from outside the Maine Legislature.

Dear Me Cayford

I am in support of the newly revised formulary rules for Naturopaths. As someone who has fully recovered from Lyme Disease I am confident that would not have happened without the expert care I received from a Maine based Naturopathic Doctor. Her attention to my symptoms and her expert knowledge about Lyme far surpassed anything offered to me from the local MD's

I have also had success working with a ND on a variety of other health issues that medical doctors ("western trained" MD's) were unable to solve. The approach to health and well being offered by ND's is an important complement to what MD's offer.

Please support this bill

Sincerely
Barbara Davis, LCSW
