Subject: In Support of the Major Substantive rules provisionally adopted by the Board of Complementary Healthcare Providers" S

This message originates from outside the Maine Legislature.

Dear Ms. Cayford,

I am writing in support of the matter in the subject line.

I have worked in the field of mainstream medicine and now I am working in the Naturopathic field.

Due to the limit of formulary in Naturopathic medicine, I have seen how patients are not being heard regarding their healthcare due to the relationship between the Doctors and the Pharmaceutical companies. The patients want a more natural remedy but the Naturopaths have their hands tied due to the outdated limitations that they have with the current formulary.

An update in the formulary is a huge step forward and a much needed one.

Thank you for your time and consideration in this matter.

Sincerely,

Diane Wilbur
