Subject: Support of Major Substantive rules provisionally adopted by the complementary healthcare providers

This message originates from outside the Maine Legislature.

Dear Legislators,

My name is Leo Kenney and I live in Orono Maine. I'm writing in support of major substantive rules provisionally adopted by the complementary healthcare providers.

I have been using a naturopathic physician for 10 years and have been very impressed with the treatment I have received. She has been thorough, caring, professional, and been extremely helpful in keeping my health and wellness in a good place.

I support changes to these rules and allowing naturopathic physicians to be able to provide more medications and IV therapy. Currently Maine is struggling to find healthcare providers so with larger offerings from naturopaths, Maine as a whole will benefit.

Thank you for your consideration.

Sincerely,

Leo Kenney
