Resource Management Services - Inland Fisheries and Wildlife 0534

LR2528(1) - App-Alloc (IFW) Part A Sec. 35

Ref. #: 1035	Committee Vote:	AFA Vote:		
GENERAL FUND		2008-09	2009-10	2010-11

FEDERAL EXPENDITURES FUND		2008-09	2009-10	2010-11
Personal Services		\$0	\$2,765	\$2,908
All Other		\$0	\$26	\$28
FEDERAL EXPENDITURES FUND TOTAL		\$0	\$2,791	\$2,936

Justification:

This initiative will reorganize one currently vacant Biologist I position to a GIS Coordinator in order to meet changing program needs. Rapid advances in computer technologies like Geographic Information Systems (GIS) have outpaced the ability of traditional biologists to meet the Department's data needs. Data is now used extensively by other state/federal agencies, private consulting firms, and non-profit groups for sophisticated spatial analyses. These changes have required a much higher level of GIS expertise for this position than those required for and typical of a Biologist I. Over time, the duties performed by this position have shifted away from a biological focus to a GIS focus. The reorganization of this position to the GIS Coordinator classification will more accurately represent the role of this position within the Department and the skills needed to successfully perform its duties. This action is currently under review by the CIO.
