The commissioner may not expend, on an annualized basis, more than 15% of the annual revenue to the fund for tuition, other allowable costs and administration and case management for students enrolled in the program under this subsection and the costs for any of these students who continue to participate in the program after attaining 18 years of age.

[PL 2019, c. 66, §3 (AMD).]

6. Provision of education, training and support. Payment for education, training and support included in a participant's plan must be furnished promptly to, or on behalf of, a participant.

A. The program must provide to a participant, in accordance with rules adopted by the department, when education, training and support are not reasonably available from another recognized program and are necessary to carry out that participant's plan:

(1) Books, supplies, tools and equipment required by the participant's plan;

(2) Child care, transportation and other necessary support as determined by the department;

(3) Assistance needed to obtain remedial or prerequisite education necessary for the participant to participate successfully in the program; and

A, §3 (NEW).]

[PL 2023, c. 184, §5 (AMD).]

7. Application; decision; appeal. An individual must be given the opportunity to make a written application for education, training and support available from the program and be given a prompt written decision from the department specifically indicating the type and amount of services approved or denied. The costs for an educational transcript, credential evaluation or similar requirement needed to determine eligibility for the program must be paid for by the program for any applicant who is otherwise eligible for participation, as determined by the department, if funds are not reasonably available from another source for this purpose. Any decision related to eligibility for, or the provision of, services under this section must provide notice that the decision may be appealed by the individual through a request for a hearing within 30 days of receipt of the decision in accordance with rules adopted by the department and consistent with Title 5, chapter 375, subchapter 4. A plan may be modified when necessary to assist a participant to participate successfully in the program. The plan must include the education or training program approved, the degree or credential expected at program completion and the services and support to be provided under the plan. [PL 2007, c. 352, Pt. A, §3 (NEW).]

B. Prior to the establishment of a plan, a participant must be given:

- (2) The opportunity to learn about and examine relevant labor market information related to identified industries and the participant's employment preference;
- (3) If the participant's employment goal is an occupation for which an apprenticeship may be available, information about the department's apprenticeship program under chapter 33; and
- (4) Information about and assistance in applying for other services that will assist the participant in succeeding in the plan and prevent any unnecessary expenditure of resources by the program, including federal financial aid provided under the federal Higher Education Act of 1965, 20 United States Code, Chapter 28; the state and federal earned income tax credit; health care resources; unemployment compensation; dislocated worker benefits; trade

adjustment assistance; and other services available from other departments of State Government including the Department of Health and Human Services. [PL 2007, c. 352, Pt. A, §3 (NEW).]

[PL 2007, c. 352, Pt. A, §3 (NEW).]

Rules adopted under this subsection are routine technical rules and must be adopted in accordance with Title 5, chapter 375, subchapter 2-A. [PL 2007, c. 352, Pt. A, §3 (NEW).]

10. Monitoring, evaluation and annual report. The department shall implement a comprehensive evaluation strategy that evaluates the fund, using both quantitative and qualitative data and including an analysis of the return on investment in the fund. The evaluation must consider, at a minimum, the following factors: the value of total compensation, including, but not limited to, health insurance and other benefits to those participating in training; the impact of the program on the Unemployment Compensation Fund; the impact on productivity and performance for employers; and the impact on meeting the demand for skilled workers in industries in this State. The evaluation must measure the impact of the program over time, including a longitudinal analysis that captures productivity and other outcomes related to the program. The department must submit a report to the joint standing committee of the Legislature having jurisdiction over labor matters by February 1st of each year on the status of the program and on the evaluation data collected and analyzed. The report also must include the formula or limit established by the commissioner pursuant to subsection 2 to limit the proportion of program funds expended on career counseling and administration and the amount of funds expended for these purposes.

[PL 2015, c. 402, §2 (AMD).]

11. Enrollment of eligible supplemental nutrition assistance program participants. The department shall enroll, to the maximum extent possible and when appropriate, participants in the federal supplemental nutrition assistance program administered by the State pursuant to Title 22, section 3104 who meet the eligibility criteria specified in subsection 5 and who are referred to the program pursuant to a memorandum of agreement entered into by the State with the Department of Health and Human Services as part of the individual's self-sufficiency plan under the federal supplemental nutrition assistance program administered by the State pursuant to Title 22, section 3104. Federal funds may not be used to supplant state funds used to provide education, training and support under this section to program participants enrolled pursuant to this subsection.
