A. To the extent that the State assumes the risk with respect to any program provided for in this section, the State shall maintain a reserve at least equal to the sum of:

- (1) An amount estimated to be necessary to pay claims and administrative costs for the assumed risk for 2 1/2 months; and
- (2) The amount determined annually by a qualified actuary to be necessary to fund the unpaid portion of ultimate expected losses, including incurred but not reported claims, and related expenses incurred in the provision of benefits for eligible participants, less any credit, as determined by a qualified actuary, for excess or stop-loss insurance.

The reserve must be maintained in the fund provided for in section 286. If the State self-insures for more than one program, a reserve meeting the requirements of this paragraph must be maintained for each program. [PL 1989, c. 776, §1 (NEW).]

B. The State may purchase excess or stop-loss insurance for any program, with attachment levels and limits as recommended by a qualified actuary. [PL 1989, c. 776, §1 (NEW).]

C. Paragraph A does not apply to a program in the first 2 years after the program is changed from a fully insured program to a fully or partially self-insured program. Before a program may begin its first year of operation:

- (1) The reserve fund must contain a reserve at least equal to the amount estimated to be necessary to pay the claims and administrative costs with respect to the assumed risk for one full month; and
- (2) The rate structure of the program, as certified by a qualified actuary, must be designed to enable the fund to attain the following reserve levels:
 - (a) By the end of the first year of the program, the reserve required by paragraph A, subparagraph (2), and an amount estimated to be necessary to pay claims and administrative costs for the assumed risk for 2 full months; and
 - (b) By the end of the 2nd year of the program, the reserve required by paragraph A, subparagraph (2), and an amount estimated to be necessary to pay claims and administrative costs for the assumed risk for 2 1/2 full months.

If the State purchases stop-loss or excess insurance with respect to the risk, the required reserve is reduced by the credit specified in paragraph A. A self-insurance program may not continue if the reserve fund with respect to that program does not contain the amounts set forth in subparagraph (2) by the time limits established. [PL 1989, c. 776, §1 (NEW).]

D. For purposes of paragraphs A, B and C, a "qualified actuary" is an actuary who is a member of the American Academy of Actuaries qualified as to health reserving methodologies. [PL 1989, c. 776, §1 (NEW).]

E. The commission may not enter into a contract with a 3rd-party administrator that has not demonstrated compliance with all applicable state laws, and that is not, at the time of entering into the contract, administering a health plan or providing health care coverage for a total number of lives equal to the number that would be covered by the state contract. [PL 1989, c. 776, §1 (NEW).]

F. This paragraph is effective only if no other applicable state law requires bonding of 3rd-party administrators.

(1) Every applicant to provide service as a 3rd-party administrator for this program shall file with the proposal, and shall maintain in force while representing the state program, a fidelity bond in favor of the Treasurer of State executed by a surety company for the benefit of the State or beneficiaries of the program. The bond must be continuous in form and in one of the following amounts:

(a) For an administrator that collects contributions and premiums for the program but does not administer or pay claims, the greater of \$50,000 or 5% of contributions and premiums projected to be received or collected for the following plan year from the State or from persons covered by the program, but not to exceed \$1,000,000;

(b) For an administrator that administers and pays claims, but does not collect premiums and contributions, the greater of \$50,000 or 5% of the claims and claim expenses projected to be held for the following year to pay claims and claim expenses for persons covered by the program, but not to exceed \$1,000,000; or

(c) For an administrator that collects premiums and contributions and administers and pays claims, the greater of the amounts determined under division (a) or (b), but not to exceed \$1,000,000. [PL 1989, c. 776, §1 (NEW).]

G. Any contract entered into by the State must provide for coverage that meets the same level of benefits as those that would be required by state law if the coverage was provided by a health insurance plan governed by Title 24 or Title 24-A. [PL 1989, c. 776, §1 (NEW).]

[PL 1989, c. 776, §1 (NEW).]

10. Commission not insurer. The commission or other entity operating any self-funded plan pursuant to this section is not an insurer, reciprocal insurer, or joint underwriting association under the laws of the State. The administration of such a program by the director of the employees health insurance program does not constitute doing the business of insurance. [PL 1989, c. 776, §1 (NEW).]

11. Coverage for persons eligible under federal Trade Adjustment Assistance Reform Act of 2002. The Department of Administrative and Financial Services, Division of Employee Health and Benefits may provide, through a qualified insurance company, a group health plan product for individuals certified to receive federal assistance in paying for health coverage under the terms of the health coverage tax credit program within the federal Trade Adjustment Assistance Reform Act of 2002, Public Law 107-210. Certification of eligibility is made by the Department of Labor. Individuals may enroll eligible dependents. Individuals eligible for enrollment in this group health plan remain eligible for enrollment and coverage through the duration of their federal trade adjustment assistance eligibility and for one month after their federal trade adjustment assistance eligibility status ends.

Any person who is receiving a benefit payment from the federal Pension Benefit Guaranty Corporation and who has attained the age of 55, but who is not eligible for Medicare benefits, may also enroll in the group health plan. These individuals may enroll eligible dependents.

The eligibility requirements under the federal Trade Adjustment Assistance Reform Act of 2002, Public Law 107-210 apply to persons enrolling in the group health plan provided pursuant to this subsection.

Premium rates must be established to reflect the costs of providing insurance coverage. Premium payments must be provided by the United States Department of Labor and individual enrollees. The division may accept any funds allocated under the federal Trade Adjustment Assistance Reform Act of 2002 and other sources in order to pay premiums and to administer the program.

[PL 2003, c. 348, §1 (NEW).]

11-A. Coverage for retired law enforcement officers and firefighters. A retired county or municipal law enforcement officer or retired municipal firefighter, as defined in section 286-M, subsection 2, who participates in an employer-sponsored retirement program and, prior to July 1, 2007, was enrolled in a self-insured health benefits plan offered by the employing county or municipality may, if the requirements of this subsection are met, enroll in a group health plan administered pursuant to this section that provides coverage for the retired county or municipal law enforcement officer or retired municipal firefighter effective no earlier than July 1, 2007.

A. A retiree who fails to enroll in a group health plan pursuant to this subsection is not otherwise eligible to enroll in such a plan and is not eligible for the premium subsidy provided pursuant to this subsection for enrollment in any other health plan. Retirees may enroll themselves, their spouses or their dependents in a group health plan during the following time periods, as applicable.

(1) When the effective date of retirement from the county or municipality is on or before May 1, 2007, the retiree must enroll in the plan before July 1, 2007.

(2) When the effective date of retirement from the county or municipality is after May 1, 2007, the retiree must enroll in the plan no later than 60 days following the effective date of retirement from the county or municipality.

(3) Notwithstanding the requirements of subparagraphs (1) and (2), when the retiree, the retiree's spouse or the retiree's dependent experiences an involuntary loss of other health insurance coverage carried as of July 1, 2007 or 60 days following the date of the retiree's retirement, whichever is later, the retiree may elect to enroll in the plan no later than 60 days after the effective date of the loss of that coverage. Involuntary loss of coverage does not include a loss of coverage arising as a result of nonpayment of premiums. [PL 2005, c. 636, Pt. A, §2 (NEW).]

B. Eligible persons enrolling in a group health plan in which the retiree enrolls pursuant to this subsection are responsible for the premium payment associated with participation in the plan to the extent such an obligation exists following application of any premium subsidy. Failure to remit premium payments in the manner required by the administration policies of the group health plan must result in disenrollment from the plan. [PL 2005, c. 636, Pt. A, §2 (NEW).]

C. The State shall pay a premium subsidy that equals the dollar amount equivalent to the highest premium subsidy provided in accordance with section 286-M, subsection 6 or 45% of the cost of the retiree's share of the individual premium for the standard plan identified and offered under the group health insurance plan in which the retiree enrolls pursuant to this subsection, whichever is less. A retiree electing to enroll a spouse or dependent in the plan is responsible for payment of 100% of the cost of such coverage, in addition to that portion of the retiree's individual premium cost not contributed by the State. [PL 2005, c. 636, Pt. A, §2 (NEW).]

[PL 2005, c. 636, Pt. A, §2 (NEW).]

12. Contractual commitment to health insurance for retirees. Effective April 1, 2004, to each vested employee as defined in this subsection, the State makes solemn contractual commitments as set forth in paragraph C, protected under the contract clauses of the Constitution of Maine, Article I, Section 11 and the United States Constitution, Article I, Section 10.

A. For purposes of this subsection, "vested employee" means an employee in a category described in subsection 1, paragraph A, F, F-1, F-2 or F-3 who, on or after April 1, 2004, meets the applicable

creditable service requirement for eligibility to receive a retirement benefit, at the applicable age if so required, under one of the following:

- (1) Section 851, which governs legislative retirement;
- (2) Section 17851, which governs the regular state employee plan;
- (3) Section 17851-A, subsection 2, which governs state special plans;
- (4) Section 18451, which governs participating local district regular plans;
- (5) Section 18453, which governs participating local district special plans; or
- (6) The terms of a retirement plan provided to employees pursuant to section 18252-B. [PL 2003, c. 673, Pt. DDDD, §1 (NEW).]

B. For purposes of this subsection, "time of vesting" means, for each employee, the date on which that employee met the creditable service requirement for eligibility to receive a retirement benefit, at the applicable age if so required, as set forth in paragraph A, subparagraphs (1) to (6). [PL 2003, c. 673, Pt. DDDD, §1 (NEW).]

C. The State makes solemn contractual commitments under this subsection that, with respect to any group health plan offered by the State:

- (1) Eligibility criteria for a vested employee or a family member of a vested employee to participate in a group health plan under this section after retirement will be no more restrictive than eligibility criteria applicable to that employee or family member at the time of vesting;
- (2) The state contribution toward the cost of the premium for any group health plan offered by the State for a retired vested employee, as a percentage of the cost of coverage, is not less than that provided at the time of vesting; and
- (3) The group health plans offered in each plan year to retired vested employees under this section will be the same as or substantially similar to the group health plans offered to active employees in that same plan year. The State Employee Health Commission shall determine whether plans are substantially similar. [PL 2003, c. 673, Pt. DDDD, §1 (NEW).]

D. This subsection does not create a contractual commitment on the part of the State to offer group health plans or to maintain coverage for a specific type of benefit or level of benefit payment. The State may reduce or eliminate coverage for types of benefits or levels of benefit payments for retired vested employees only if it makes the same or substantially similar reductions for active employees. [PL 2003, c. 673, Pt. DDDD, §1 (NEW).]

E. This subsection does not create an ancillary benefit within the meaning of the Constitution of Maine, Article IX, Section 18-A and may not be construed to create a claim against the assets of the Maine Public Employees Retirement System. [PL 2003, c. 673, Pt. DDDD, §1 (NEW); PL 2007, c. 58, §3 (REV).]

F. The solemn contractual commitment provided in this subsection is void if a court of competent jurisdiction rules that this subsection creates an ancillary benefit within the meaning of the Constitution of Maine, Article IX, Section 18-A. [PL 2003, c. 673, Pt. DDDD, §1 (NEW).]
[PL 2003, c. 673, Pt. DDDD, §1 (NEW); PL 2007, c. 58, §3 (REV).]

13. Contract on pilot basis authorized. Notwithstanding the requirements of subsection 9, paragraph G, the State may enter into a contract on a pilot basis that does not adhere to any geographic access requirements set forth in Title 24-A or rules adopted by the Superintendent of Insurance. The department shall report annually beginning January 15, 2006 to the joint standing committee of the Legislature having jurisdiction over insurance and financial services matters on its progress in establishing and operating a pilot program pursuant to this subsection.
[PL 2005, c. 12, Pt. NNN, §1 (NEW).]

14. Employees eligible for Medicare. Notwithstanding subsection 7, if an active employee eligible for Medicare elects to enroll in Medicare, the State shall pay 100% of the employee's share of the premiums for Medicare Part B until such time as the employee enrolls as an eligible retiree pursuant to this section.

[PL 2009, c. 456, §1 (NEW).]

15. Provider profiling programs. Notwithstanding subsection 10, the requirements of Title 24-A, sections 2694-A and 4303-A apply to any provider profiling program, as defined in Title 24-A, section 4301-A, subsection 16-A, developed by the commission.

[PL 2013, c. 383, §1 (NEW).]

16. Dental benefit waiting period. The requirements of Title 24-A, sections 2766-A, 2847-W and 4260 that prohibit a waiting period for any dental or oral health service or treatment, except for orthodontic treatment, for an enrollee if the enrollee is under 19 years of age apply to any group health plan or dental plan purchased under subsection 5 or to any self-insured group health or dental plan provided under subsection 9.
