

§233. Renewal of license

Each fireworks technician, proximate audience technician or flame effect technician license is valid for a term of one year. Unless revoked or suspended, the license is renewable annually. [PL 2013, c. 56, §6 (AMD).]

1. Complete application required. A licensee shall submit a complete application for renewal at least 30 days prior to the expiration of a license under this chapter. An application is not complete unless it includes all materials required to be evaluated for licensure. [PL 2003, c. 521, §4 (NEW).]

2. Renewal submitted within 90 days following license expiration. Notwithstanding subsection 1, a person may renew a license under this chapter for up to 90 days after the date of expiration of the license. The 90-day period does not postpone the expiration date of the existing license. A licensee whose license has lapsed may not work as a fireworks technician, proximate audience technician or flame effect technician until a renewed license is issued. [PL 2013, c. 56, §7 (AMD).]

3. Renewal submitted more than 90 days following license expiration. An application for license renewal under this section submitted more than 90 days after the license expiration date is considered an application for a new license and is subject to all requirements governing a new application. [PL 2003, c. 521, §4 (NEW).]
