

CHAPTER 610

HOSPITAL SERVICES

§3411. Lien

Every individual, partnership, firm, association, corporation, institution or any governmental unit or combination or parts of a partnership, firm, association, corporation, institution or governmental unit maintaining and operating a hospital licensed in the State is entitled to a lien for the reasonable charges for hospital care, treatment and maintenance of an injured person upon any and all causes of action, suits, claims, counterclaims or demands accruing to the person to whom such care, treatment or maintenance was furnished, or to the legal representatives of such person, on account of injuries giving rise to such causes of action and which necessitated such hospital care, treatment and maintenance, except that no entitlement to such a lien may exist against the principal residence of any person in any 12-month period or periods during which that person is eligible for financial assistance under the catastrophic illness program, Title 22, section 3185. Such lien may not be applied or considered valid against anyone coming under the former Workers' Compensation Act or the Maine Workers' Compensation Act of 1992, and nothing enacted by this chapter may be construed so as to give such lien precedence over the claim or contract of an attorney for legal services rendered with respect to the claim of the injured party nor may this lien be applicable to any accident or health insurance policy, or the proceeds from the same, owned by or running to the benefit of the injured person. 2. Insurance carrier. §3412-A. Limits on priority of hospital liens

1. Lien reduction; just and equitable basis. A hospital lien must be reduced by the patient's proportionate share of the patient's litigation or other recovery costs, including, but not limited to, reasonable attorney's fees. A hospital lien must be satisfied not on the basis of a priority lien but on a just and equitable basis, which means that any factors that diminish the potential value of the patient's claim against which the lien is asserted must likewise reduce the share in the claim by the hospital for reimbursement for services provided. Such factors include, but are not limited to:

A. Questions of liability and comparative negligence or other legal defenses; [PL 2019, c. 270, §1 (NEW).]

B. Exigencies of trial that reduce a settlement or award in order to resolve the claim; and [PL 2019, c. 270, §1 (NEW).]

C. Limits on the amount of applicable insurance coverage that reduce the claim to an amount recoverable by the insured. [PL 2019, c. 270, §1 (NEW).]

[PL 2019, c. 270, §1 (NEW).]

2. Dispute resolution. In the event of a dispute as to the application of this section or the amount available for payment to those claiming payment for services or reimbursement, that dispute must be determined, if the action is pending, before the court in which it is pending; or if no action is pending, by filing an action in any court for determination of the dispute.

A release of such causes of action, or any of them, or of any judgment on such a cause of action is not valid or effectual as against a lien under this chapter unless the lien holder joins in the action, or executes a release of the lien, and any person or persons, firm or firms or corporation or corporations, including an insurance carrier, making any payment to the patient or to the patient's attorneys or heirs or legal representatives, or to any other person as compensation for the injuries sustained, after the filing and receipt of such notice, without paying to the hospital the amount of its lien or so much of the amount of its lien as can be satisfied out of the moneys due under any final judgment or compromise or settlement agreement after paying the amount of any prior liens, are and remain, for a period of one year from the date of payment to the patient or the patient's heirs, attorneys or legal representatives, or other person, as provided, liable to the hospital for the amount the hospital was entitled to receive; and any such association, corporation or other institution maintaining the hospital may, within such period, enforce its lien by a civil action against the person or persons, firm or firms or corporation or corporations making any such payment. The assertion, claim or filing of such a lien may in no way be considered an election on behalf of the hospital, and the hospital retains all its rights to collect from the

patient or from any other person legally liable for care, treatment and maintenance of the injured party. [RR 2023, c. 2, Pt. C, §82 (COR).]
