1-A. Application. "Application" is the action by which an individual indicates in writing to the department his desire to receive or to be recertified for assistance under this chapter. An application is distinguished from an inquiry, which is simply a request for information about eligibility requirements for assistance. [PL 1977, c. 714, §1 (NEW).]

1-B. Approved Medicaid service. "Approved Medicaid service" means a medical service which will be provided to Medicaid recipients under the provisions of the United States Social Security Act, Title XIX and successors to it and related rules of the department. [PL 1981, c. 703, Pt. A, §22 (NEW).]

2. Home health care. "Home health care" means nursing services and other therapeutic services provided without a requirement that hospitalization should be an antecedent to care and provided on an intermittent visiting basis to individuals in their homes or other place of residence, excluding hospitals, extended care facilities, rehabilitation centers and skilled nursing homes. In addition to skilled nursing, these services may include physical therapy, speech therapy, occupational therapy, medical social services, home health aide services and such other services and standards of care as may be defined by the department which are pursuant to, consistent with and necessary to the administration of home health care within the intent of section 3173. §3173. Powers and duties of department

The department is authorized to administer programs of aid, medical or remedial care and services for medically indigent persons. It is empowered to employ, subject to the Civil Service Law, such assistants as may be necessary to carry out this program and to coordinate their work with that of the other work of the department. [PL 1985, c. 785, Pt. B, §91 (AMD).]

The department is authorized and empowered to make all necessary rules and regulations consistent with the laws of the State for the administration of these programs including, but not limited to, establishing conditions of eligibility and types and amounts of aid to be provided, and defining the term "medically indigent," and the type of medical care to be provided. In administering programs of aid, the department shall, among other services, emphasize developing and providing financial support for preventive health care and home health care in order to assure that a comprehensive range of health care services is available to Maine citizens. Preventive health services shall include, but need not be limited to, programs such as early periodic screening, diagnosis and treatment; public school nursing services; child and maternal health services; and dental health education services. To meet the expenses of emphasizing preventive health care and home health care, the department is authorized to expend for each type of care no less than 1.5% of the total sum of all funds available to administer medical or remedial care and services eligible for participation under the United States Social Security Act, Title XIX and amendments and successors to it. [PL 1979, c. 127, §144 (RPR).]

The department shall provide all applicants for aid under this chapter with information in written form, and verbally as appropriate or if requested, about coverage, conditions of eligibility, scope of programs, existence of related services and the rights and responsibilities of applicants for and recipients of assistance under this chapter. [PL 1979, c. 127, §144 (RPR).]

All applications for aid under this chapter shall be acted upon and a decision made as soon as possible, but in no case shall the department fail to notify the applicant of its decision within 45 days after receipt of his application. Failure of the department to meet the requirements of this 45-day time standard, except where there is documented noncooperation by the applicant or the source of his medical information, shall lead to the immediate and automatic issuance of a temporary medical card which shall be valid only until such time as the applicant receives actual notice of a departmental denial of his application or he receives a replacement medical card. Notwithstanding an applicant's appeal of a denial of his application, the validity of the temporary medical card shall cease immediately upon receipt of the notice of denial. Any benefits received by the applicant during the interim period when he has actual use of a valid, temporary medical card shall not be recoverable by the department in any legal or administrative proceeding against the applicant. [PL 1979, c. 127, §144 (RPR).]

Whenever an applicant is determined by the department to be ineligible for a program for which he has applied, he shall be immediately so notified in writing. Any notification of denial shall contain a statement of the denial action, the reasons for denial, the specific regulations supporting the denial, an explanation of the applicant's right to request a hearing and a recommendation to the applicant of any other program administered by the department for which he may be eligible. Whenever an individual's application for Temporary Assistance for Needy Families is denied by the department, the notice of this denial shall also include, in a clear and conspicuous manner, a statement that the applicant is likely to be eligible for medical assistance and shall include information about the availability of applications for the program upon request to the department either in writing or through a toll-free telephone number. [PL 1979, c. 127, §144 (RPR); PL 1997, c. 530, Pt. A, §34 (AMD).]

Any applicant for benefits under the medically needy program whose countable income exceeds the applicable state protected income level maximum shall be eligible for the program when his incurred medical expenses are found to exceed the difference between his countable income and the
applicable state maximum. Whenever the applicant incurs sufficient medical expenses to be eligible for the medically needy program and provides reasonable proof thereof to the department, a medical card shall be issued within 10 days of the presentation of proof that eligibility has been met. Failure of the department to meet the requirements of this 10-day time standard, except where there is documented noncooperation by the applicant or the source of his medical information, shall lead to the immediate and automatic issuance of a temporary medical card which shall be valid only until such time as the applicant receives actual notice of a departmental denial of his application or he receives a replacement medical card. Any benefits received by the applicant during the interim period when he has actual use of a valid temporary medical card shall not be recoverable by the department in any legal or administrative proceeding against the applicant. [PL 1979, c. 127, §144 (RPR).]

In all situations where prior authorization of the department is required before a particular medical service can be provided, the department shall authorize or deny the request for treatment within 30 days of the completion and presentation of the request to the department. The department's response to such a request shall be supplied to both the provider and the recipient. Whenever the provider is unable or unwilling to provide the service requested within a reasonable time after approval of the request by the department, the recipient shall have the right to locate another approved provider whose sole duty shall be to notify the department of his intention to provide the service subject to the original approval. It shall be the duty of the department to vigorously assist any recipient in his search for an approved provider of a necessary medical service where, through reasonable effort, the recipient has been unable to locate a provider on his own. [PL 1979, c. 127, §144 (RPR).]

No time standard established by this section shall be used as a waiting period before granting aid, or as a basis for denial of an application or for terminating assistance. [PL 1979, c. 127, §144 (RPR).]

The department shall make and enforce reasonable rules and regulations governing the custody, use and preservation of the records, papers, files and communications of the department. The use of those records, papers, files and communications by any other agency or department of government to which they may be furnished shall be limited to the purposes for which they are furnished and by the law under which they may be furnished. [PL 1979, c. 127, §144 (RPR).]

The department shall initiate and monitor ongoing efforts performed cooperatively with other public and private agencies, religious, business and civic groups, pharmacists and other medical providers, professional associations, community organizations, unions, news media and other groups, organizations and associations to inform low-income households eligible for programs under this chapter of the availability and benefits of these programs and to insure the participation of eligible households which wish to participate by providing those households with reasonable and convenient access to the programs. [PL 1979, c. 127, §144 (RPR).]

All moneys made available to fund programs authorized by this chapter shall be expended under the direction of the department, and the department is empowered to direct the expenditures therefrom of those sums which may be necessary for purposes of administration. [PL 1979, c. 127, §144 (RPR).]

Relating to the determination of eligibility for medical care to be provided to a beneficiary of state or federal supplemental income for the blind, disabled and elderly, the department may enter into an agreement with the Secretary of the United States Department of Health and Human Services, whereby the secretary shall determine eligibility on behalf of the department. [PL 1991, c. 528, Pt. E, §23 (AMD); PL 1991, c. 528, Pt. RRR (AFF); PL 1991, c. 591, Pt. E, §23 (AMD).]

The Department of Health and Human Services may establish fee schedules governing reimbursement for services provided under this chapter. In establishing the fee schedules, the department shall consult with individual providers and their representative associations. The fee schedules shall be subject to annual review. [PL 1979, c. 127, §144 (RPR); PL 2003, c. 689, Pt. B, §6 (REV).]
During the annual review of fee schedules required by this section, the department shall consult with individual providers participating in the Medical Assistance Program and their representative associations to consider, among other factors, the cost of providing specific services, the effect of inflation or other economic factors on the adequacy of the existing fee schedule and its obligation under the federal Medicaid program to ensure sufficient provider participation in the program. [PL 1981, c. 329, §1 (NEW).]

The annual review of fee schedules shall be incorporated into the annual Medicaid report established by section 3174-B. [PL 1985, c. 727 (RPR).]

The department may enter into contracts with health care servicing entities for the provision, financing, management and oversight of the delivery of health care services in order to carry out these programs. For the purposes of this section, "health care servicing entity" means a partnership, association, corporation, limited liability company or other legal entity that enters into a contract to provide or arrange for the provision of a defined set of health care services; to assume responsibility for some aspects of quality assurance, utilization review, provider credentialing and provider relations or other related network management functions; and to assume financial risk for provision of such services to recipients through capitation reimbursement or other risk-sharing arrangements. "Health care servicing entity" does not include insurers or health maintenance organizations. In all contracts with health care servicing entities, the department shall include standards, developed in consultation with the Superintendent of Insurance, to be met by the contracting entity in the areas of financial solvency, quality assurance, utilization review, network sufficiency, access to services, network performance, complaint and grievance procedures and records maintenance. Prior to contracting with any health care servicing entity, the department must have in place a memorandum of understanding with the Superintendent of Insurance for the provision of technical assistance, which must provide for the sharing of information between the department and the superintendent and the analysis of that information by the superintendent as it relates to the fiscal integrity of the contracting entity. The department may require periodic reporting by the health care servicing entity as to activities and operations of the entity, including the entity's activities undertaken pursuant to commercial contracts with licensed insurers and health maintenance organizations. The department may share with the Superintendent of Insurance all documents filed by the health care servicing entity, including documents subject to confidential treatment if that information is treated with the same degree of confidentiality as is required of the department. [PL 1997, c. 676, §1 (NEW).]

SECTION HISTORY

§3173-A. Reimbursement for therapy; intermediate care facilities and skilled nursing facilities

When therapy is nonreimbursable under Title XVIII of the Social Security Act (Medicare), the Department of Health and Human Services shall reimburse an intermediate care facility or skilled nursing facility directly for the costs of physical and occupational therapy to individual residents or for professional consultants, or both, to the staff of the facility in accordance with professional standards of practice. [PL 1977, c. 646 (NEW); PL 2003, c. 689, Pt. B, §6 (REV).]

Reimbursement shall be included either as an allowable cost of operation in determining the per diem rate or as a separate service for which the facility bills the Medical Assistance Program, whichever method is the less costly to that program while providing adequate and timely reimbursement to the therapist. [PL 1977, c. 646 (NEW).]
In developing regulations to administer this section, the Department of Health and Human Services shall consult with the Maine Chapter of American Physical Therapists Association, the Maine Occupational Therapists Association and other groups as appropriate. The regulations shall be published within 60 days of the effective date of this section. [PL 1977, c. 646 (NEW); PL 2003, c. 689, Pt. B, §6 (REV).]

(3) The commissioner shall give at least 30 days' notice of the proposed change in maximum eligibility level to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs and the joint standing committee of the Legislature having jurisdiction over health and human services matters; [IB 2017, c. 1, Pt. H. No later than 180 days after the effective date of this paragraph, a person under 65 years of age who is not otherwise eligible for assistance under this chapter and who qualifies for medical assistance pursuant to 42 United States Code, Section 1396a(a)(10)(A)(i)(VIII) when the person's income is at or below 133% plus 5% of the nonfarm income official poverty line for the applicable family size. No later than 90 days after the effective date of this paragraph, the department shall submit a state plan amendment to the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services ensuring MaineCare eligibility for people under 65 years of age who qualify for medical assistance pursuant to 42 United States Code, Section 1396a(a)(10)(A)(i)(VIII).

The department shall adopt rules, including emergency rules pursuant to Title 5, section 8054 if necessary, to implement this paragraph in a timely manner to ensure that the persons described in this paragraph are enrolled for and eligible to receive services no later than 180 days after the effective date of this paragraph. Rules adopted pursuant to this paragraph are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A. [IB 2017, c. 1, Pt. A, §3 (NEW).]

For the purposes of this subsection, the "nonfarm income official poverty line" is that applicable to a family of the size involved, as defined by the federal Department of Health and Human Services and
updated annually in the Federal Register under authority of 42 United States Code, Section 9902(2). For purposes of this subsection, "program budget" means the amounts available from both federal and state sources to provide federally approved Medicaid services. 
[IB 2017, c. 1, Pt. A, §§1-3 (AMD).]  

1-A. Elderly prescription drug program.
[PL 2001, c. 650, §1 (RP).]

1-B. Funding. State funds necessary to implement subsection 1-C must include General Fund appropriations and Other Special Revenue allocations from the Fund for a Healthy Maine to the elderly low-cost drug program operated pursuant to section 254-D, including rebates received in that program from pharmaceutical manufacturers, that are no longer needed in that program as a result of the Medicaid waiver obtained pursuant to subsection 1-C.
[PL 2005, c. 401, Pt. C, §5 (AMD).]

1-C. Prescription drug waiver program. Except as provided in paragraph G, the department shall apply to the federal Centers for Medicare and Medicaid Services for a waiver or amend a pending or current waiver under the Medicaid program authorizing the department to use federal matching dollars to enhance the prescription drug benefits available to persons who qualify for the elderly low-cost drug program established under section 254-D. The program created pursuant to the waiver is the prescription drug waiver program, referred to in this subsection as the "program."

A. As funds permit, the department has the authority to establish income eligibility levels for the program up to and including 200% of the federal nonfarm income official poverty level, except that for individuals in households that spend at least 40% of income on unreimbursed direct medical expenses for prescription medications, the income eligibility level is increased by 25%. [PL 2001, c. 650, §3 (NEW).]

B. To the extent reasonably achievable under the federal waiver process, the program must include the full range of prescription drugs provided under the Medicaid program on the effective date of this subsection and must limit copayments and cost sharing for participants. If cost sharing above the nominal cost sharing for the Medicaid program is determined to be necessary, the department may use a sliding scale to minimize the financial burden on lower-income participants. [PL 2001, c. 650, §3 (NEW).]

C. Coverage under the program may not be less beneficial to persons who meet the qualifications of former section 254 than the coverage available under that section on September 30, 2001. [PL 2005, c. 401, Pt. C, §6 (AMD).]

D. In determining enrollee benefits under the program, to the extent possible, the department shall give equitable treatment to coverage of prescription medications for cancer, Alzheimer's disease and behavioral health. [PL 2001, c. 650, §3 (NEW).]

E. The department is authorized to provide funding for the program by using funds appropriated or allocated to provide prescription drugs under sections 254-D and 258. [PL 2005, c. 401, Pt. C, §6 (AMD).]

F. The department is authorized to amend the waiver or adjust program requirements as necessary to take advantage of enhanced federal matching funds that may become available. [PL 2001, c. 650, §3 (NEW).]

G. If, upon thorough analysis, the department determines that a waiver under this subsection is not feasible or would not significantly benefit participants in the elderly low-cost drug program, the department may decide not to pursue the waiver. Within 30 days of a decision not to proceed with a waiver and before taking action on that decision, the department shall report to the joint standing committee of the Legislature having jurisdiction over health and human services matters and shall
provide a detailed analysis of the reasons for reaching that decision. [PL 2001, c. 650, §3 (NEW).]

[PL 2005, c. 401, Pt. C, §6 (AMD).]

1-D. Enrollment fee. The department may assess an annual enrollment fee of $25 for participation in the MaineCare program for a family including a parent or caretaker relative of a child described in subsection 1, paragraph B or D when the family's income exceeds 150% of the nonfarm income official poverty line.

[PL 2007, c. 539, Pt. NNN, §1 (NEW).]

2. Resource test. The department may not apply a resource test to those children and pregnant women who are made eligible under this section, unless these persons also receive Temporary Assistance for Needy Families or United States Supplemental Security Income benefits.

3. Benefits authorized. The scope of medical assistance to be provided within this section must be that authorized by the Federal Sixth Omnibus Budget Reconciliation Act, Public Law 99-509.

[PL 2019, c. 485, §2 (AMD).]

4. Transitional Medicaid. The department shall administer a program of transitional Medicaid to families receiving benefits under Section 1931 of the federal Social Security Act in accordance with 42 United States Code, Section 1396r-6 and this subsection. The amount, duration and scope of services provided under this subsection must be the same as that provided to a parent or caretaker relative of a child described in subsection 1, paragraph B or D.

A. The department shall provide transitional Medicaid for a 12-month extension period in accordance with 42 United States Code, Section 1396r-6, Subsection (a), Paragraph (5) to families whose eligibility for Medicaid assistance terminated due to an increase in earned income, an increase in hours of employment or a loss of a time-limited earnings disregard. [PL 2019, c. 485, §2 (NEW).]

B. The department shall provide transitional Medicaid for 4 months to families whose eligibility for Medicaid assistance terminated due to an increase in the amount of child support received by the family. [PL 2019, c. 485, §2 (NEW).]

[PL 2019, c. 485, §2 (NEW).]

SECTION HISTORY

§3174-H. Availability of income between married couples in determination of eligibility

Notwithstanding this chapter, for the purpose of determining medical indigency and eligibility for assistance for an individual residing or about to reside in an institution eligible for Medicaid participation under this section, there shall be a presumption, rebuttable by either spouse, that each spouse has a marital property interest in 1/2 of the total monthly income of both spouses at the time of application for medical assistance. Only the 1/2 interest of the applicant spouse shall be considered
available to the spouse in determining eligibility for medical indigency and eligibility for assistance. [PL 1989, c. 502, Pt. A, §72 (NEW).]

The marital property interest of the applicant spouse in the income of both spouses may be rebutted upon a showing of one of the following: [PL 1989, c. 502, Pt. A, §72 (NEW).]

1. Court order. A court order allocating marital income pursuant to alimony, spousal support, equitable division of marital property or disposition of marital property; [PL 1989, c. 502, Pt. A, §72 (NEW).]

2. Individual ownership. The establishing of sole individual ownership of income from current active employment; or [PL 1989, c. 502, Pt. A, §72 (NEW).]

3. Supplementary allocation of spousal income. By applying to the Department of Health and Human Services for a supplementary allocation of spousal income pursuant to this section. [PL 1989, c. 502, Pt. A, §72 (NEW); PL 2003, c. 689, Pt. B, §6 (REV).]

The Department of Health and Human Services shall establish standards for the reasonable and adequate support of the community spouse and the community residence of the couple. The standards shall consider the cost of housing payments, property taxes, property insurance, utilities, food, medical expenses, transportation, other personal necessities and the presence of other dependent persons in the home. [PL 1989, c. 502, Pt. A, §72 (NEW); PL 2003, c. 689, Pt. B, §6 (REV).]

The community spouse may apply to the Department of Health and Human Services for a determination pursuant to the standards that the community spouse requires a larger portion of the marital income. Therefore, a smaller portion of the marital income will be available to the applicant spouse in determining medical indigency and eligibility for assistance. [PL 1989, c. 502, Pt. A, §72 (NEW); PL 2003, c. 689, Pt. B, §6 (REV).]

As soon as authorized by federal law, the department shall implement this section. [PL 1989, c. 502, Pt. A, §72 (NEW).]

SECTION HISTORY

§3174-I. Medicaid eligibility determinations for applicants to nursing homes

1. Needs assessment. In order to determine the most cost-effective and clinically appropriate level of long-term care services, the department or its designee shall assess the medical and social needs of each applicant to a nursing facility. If the department chooses a designee to carry out assessments under this section, it shall ensure that the assessments are comprehensive and objective.

A. The assessment must be completed prior to admission or, if necessary for reasons of the person's health or safety, as soon after admission as possible. [PL 1993, c. 410, Pt. FF, §10 (AMD); PL 1993, c. 410, Pt. FF, §19 (AFF).]

B. The department shall determine whether the services provided by the facility are medically and socially necessary and appropriate for the applicant and, if not, what other services, such as home and community-based services, would be more clinically appropriate and cost effective. [PL 1993, c. 410, Pt. FF, §10 (AMD); PL 1993, c. 410, Pt. FF, §19 (AFF).]

B-1. For persons with severe cognitive impairments who have been assessed and found ineligible for nursing facility level care, the department, through its community options unit, shall review the assessment and provide case management to assist consumers and caregivers to receive appropriate services. [PL 2011, c. 657, Pt. BB, §2 (AMD).]

B-2. The department shall establish additional assessment practices and related policies for persons with Alzheimer's disease and other dementias as follows.
(1) For persons who have been assessed using the department's primary assessment instrument and found to have cognitive or behavioral difficulties but who do not require nursing intervention with the frequency necessary to qualify for nursing facility level of care, the department shall administer a supplemental dementia assessment for those persons with cognitive and behavioral impairments. By May 1, 1996, the criteria reflected in this supplemental dementia assessment and the scoring mechanism must be incorporated into rules adopted by the department in consultation with consumers, providers and other interested parties. The assessment criteria proposed in the rulemaking must consider, but are not limited to, the following: orientation, memory, receptive communication, expressive communication, wandering, behavioral demands on others, danger to self or others and awareness of needs.

(2) The department shall reimburse a nursing facility for individuals who are eligible for care based on the supplemental dementia assessment only if the nursing facility demonstrates a program of training in the care of persons with Alzheimer's disease and other dementias for all staff responsible for the care of persons with these conditions. The department, in consultation with consumers, providers and interested parties, shall develop the requirements for training and adopt rules containing those requirements. By July 1, 1997, the department, in consultation with consumers, providers and interested parties, shall adopt rules establishing the standards for treatments, services and settings to meet the needs of individuals who have Alzheimer's disease and other dementias. These standards must apply to all levels of care available to such individuals.

(3) No later than January 15, 1997, the department shall report to the joint standing committee of the Legislature having jurisdiction over health and human service matters on the extent to which the use of the supplemental dementia assessment has expanded medical eligibility for nursing facility care to include persons with Alzheimer's disease or other dementias.

(4) Rules adopted pursuant to this subsection are major substantive rules as defined by Title 5, chapter 375, subchapter II-A. [PL 1995, c. 687, §1 (NEW).]

C. The department shall inform both the applicant and the administrator of the nursing facility of the department's determination of the services needed by the applicant and shall provide information and assistance to the applicant in accordance with subsection 1-A. [PL 1993, c. 410, Pt. FF, §10 (AMD); PL 1993, c. 410, Pt. FF, §19 (AFF).]

D. [PL 1995, c. 170, §2 (RP).]

E. The department shall perform a reassessment of the individual's medical needs when the individual becomes financially eligible for Medicaid benefits.

(1) If the individual, at both the admission assessment and any reassessment, is determined not to be medically eligible for the services provided by the nursing facility, and is determined not to be medically eligible at the time of the determination of financial eligibility, the nursing facility is responsible for providing services at no cost to the individual until such time as a placement at the appropriate level of care becomes available. After a placement becomes available at an appropriate level of care, the nursing facility may resume billing the individual for the cost of services.

(2) If the individual is initially assessed as needing the nursing facility's services under the assessment criteria and process in effect at the time of admission or is admitted as covered by Medicare for nursing facility services, but is reassessed as not needing those services at the time the individual is found financially eligible, then the department shall reimburse the nursing facility for services it provides to the individual in accordance with the principles of reimbursement for residential care facilities adopted by the department pursuant to section 3173. In calculating the fixed-cost component of per diem rates for nursing facility services,
the department shall exclude days of service for which reimbursement is provided under this subparagraph. [PL 1995, c. 696, Pt. B, §1 (AMD).]

F. Prior to performing assessments under this section, the department shall develop and disseminate to all nursing facilities and the public the specific standards the department will use to determine the medical eligibility of an applicant for admission to the nursing facility. A copy of the standards must be provided to each person for whom an assessment is conducted. In designing and phasing in the preadmission assessment under this section, the department shall collaborate with interested parties, including but not limited to consumers, nursing facility operators, hospital operators and home and community-based care providers. [PL 1995, c. 170, §2 (AMD).]

G. A determination of medical eligibility under this section is final agency action for purposes of the Maine Administrative Procedure Act, Title 5, chapter 375. [PL 1989, c. 498 (NEW).]

1-A. Information and assistance. If the assessment performed pursuant to subsection 1 finds the level of nursing facility care clinically appropriate, the department shall determine whether the applicant also could live appropriately and cost-effectively at home or in some other community-based setting if home-based or community-based services were available to the applicant. If the department determines that a home or other community-based setting is clinically appropriate and cost-effective, the department shall:

A. Advise the applicant that a home or other community-based setting is appropriate; [PL 1993, c. 410, Pt. FF, §11 (NEW); PL 1993, c. 410, Pt. FF, §19 (AFF).]

B. SECTION HISTORY

§3174-M. Medicaid drug formulary

1. Authority. The department has the authority to determine which prescription and over-the-counter drugs are subject to reimbursement and coverage under the Medicaid program. [PL 1993, c. 410, Pt. I, §10 (NEW).]

1-A. Formulary standards. Any formulary established by the department must:

A. Conform to nationally accepted standards for a sound and adequate drug formulary system that promotes rational, clinically appropriate and safe access to medically necessary prescription drugs,
ensures that members have timely and appropriate access to these drugs and does not discriminate based on disease or condition; [PL 2005, c. 386, Pt. X, §1 (NEW).]

B. Be structured to maintain at least the same therapeutic categories and pharmacological classes of drugs provided on the MaineCare preferred drug list in effect on July 1, 2005; and [PL 2005, c. 386, Pt. X, §1 (NEW).]

C. With respect to atypical antipsychotic drugs:
   (1) Ensure that atypical antipsychotic drugs remain available in the same manner as on July 1, 2005;
   (2) Adopt any clinical edits approved by the department's psychiatric work group; and
   (3) Conform to national standards for the prescribing of atypical antipsychotic drugs. [PL 2005, c. 386, Pt. X, §1 (NEW).]

[PL 2005, c. 386, Pt. X, §1 (NEW).]

2. Drug formulary committee.

[PL 2005, c. 386, Pt. X, §2 (RP).]

2-A. Drug formulary committee. As authorized by Section 1927 (d) (4) (A) of the federal Social Security Act, 42 United States Code, Section 1396r-8, the department may develop a formulary using the department's MaineCare drug utilization review committee, except that the membership of the formulary committee must include pharmacists who are expert in pharmacotherapy for pediatric, geriatric and psychiatric populations.

A. A vote of 2/3 of the members of the department's MaineCare drug utilization review committee present is required to add or delete a drug from the list of drugs that are subject to reimbursement and coverage under the MaineCare program. [PL 2005, c. 386, Pt. X, §3 (NEW).]

B. A determination under rules adopted pursuant to subsection 3 that a drug or category of drug is not covered by the MaineCare program is a final agency action subject to review under the Maine Administrative Procedure Act. [PL 2005, c. 386, Pt. X, §3 (NEW).]

[PL 2005, c. 519, Pt. DDDD, §1 (AMD); PL 2005, c. 519, Pt. DDDD, §3 (AFF).]

3. Emergency supply. The department shall adopt routine technical rules as necessary that provide for a pharmacy to dispense, in accordance with applicable licensing standards and professional judgment, a one-time supply for 10 days of the prescribed drug. The rules must allow the department to authorize refills of the drug on a case-by-case basis at the end of the 10-day period if the prescribing provider has not submitted the required information at that time or the department determines that an additional refill is necessary.

The rules must provide that receipt of a 10-day supply under this subsection does not relieve the prescribing provider of the duty to submit all required information. The provision of the 10-day supply does not entitle the MaineCare member to receive benefits pending appeal in the event that a request for prior authorization is ultimately denied, except when the member was receiving the drug for which the 10-day supply was provided immediately prior to the provision of that supply.

Any drug provided under this emergency procedure is considered a Medicaid-covered service pending departmental actions. [PL 2005, c. 386, Pt. X, §4 (RPR).]

4. Rulemaking. Rules adopted pursuant to section 3174-J prior to its repeal are effective as of the effective date of this chapter without the taking of any action pursuant to the Maine Administrative Procedure Act. [PL 1993, c. 410, Pt. I, §10 (NEW).]
5. Expedited review process. The department shall provide an independent review process whenever a MaineCare member has written certification from the member's physician that:

A. Delay in the provision of the requested drug may severely jeopardize the life or health of the MaineCare member or cause a severe functional decline in the member; or [PL 2005, c. 386, Pt. X, §5 (NEW).]

B. A preferred drug, if provided, would impose a serious risk to the life or health of the MaineCare member. [PL 2005, c. 386, Pt. X, §5 (NEW).]

The independent review process must ensure a decision within 72 hours of the time that the request is filed, unless the parties otherwise agree that the 72-hour period may be extended. The independent review process must ensure that coverage decisions based upon lack of medical necessity are conducted by a physician or pharmacist. The physician need not in all cases be of the same specialty or subspecialty as the prescribing physician. [PL 2005, c. 386, Pt. X, §5 (NEW).]

SECTION HISTORY

B. Eliminating, having the effect of significantly limiting or significantly reducing eligibility for a
category of service covered under the Medicaid program or the federal State Children's Health
Insurance Program without comparable service provided in its place; [PL 2019, c. 266, §1
(NEW).]

C. Accepting a block grant or any other fundamental alteration in the method of federal funding
for the Medicaid program that could result in a substantial decrease in total funding for the program;
or [PL 2019, c. 266, §1 (NEW).]

D. Applying for or amending a waiver, including a waiver pursuant to Section 1115 of the Social
Security Act, or adopting a state plan amendment that could significantly reduce the scope of
services of or eligibility for the Medicaid program or the federal State Children's Health Insurance
Program. [PL 2019, c. 266, §1 (NEW).]

2. Exceptions in the event of federal law changes. If an action must be taken by the department
to comply with federal law and obtaining authorization from the Legislature cannot be achieved timely
to comply with federal requirements, the department may act only to the extent necessary to achieve
compliance with federal law, pending further action of the Legislature under this section.

3. Failure to comply. A person may not be denied eligibility for the Medicaid program or the
federal State Children's Health Insurance Program as the result of a change to those programs as
described in subsections 1 and 2 if the department failed to comply with this section.

§3174-S. Access to dental services for children under Medicaid

(REALLOCATED FROM TITLE 22, SECTION 3174-R)

The department shall increase access to comprehensive dental care for children under the Medicaid
program so that services are received on a timely basis in the regions of the State in which they live, in
accordance with this section. [RR 1997, c. 2, §45 (RAL).]

1. Telephone referral service. By April 1, 1998, the department shall establish a toll-free

The telephone service must provide persons calling about dental services with oral notice of the availability of assistance in arranging for appointments for dental screening and necessary corrective treatment, transportation to dental appointments and other services necessary to ensure access.

[RR 1997, c. 2, §45 (RAL).]

2. Increasing providers. The department shall work with a statewide dental association and dentists in the State to increase the number of providers of dental care and the number participating in the Medicaid program.

SECTION HISTORY

RR 1997, c. 2, §45 (RAL).

§3174-T. Cub Care program

(REALLOCATED FROM TITLE 22, SECTION 3174-R)

1. Program established. The Cub Care program is established to provide health coverage for low-income children who are ineligible for benefits under the Medicaid program and who meet the requirements of subsection 2. The purpose of the Cub Care program is to provide health coverage to as many children as possible within the fiscal constraints of the program budget and without forfeiting any federal funding that is available to the State for the State Children's Health Insurance Program through the federal Balanced Budget Act of 1997, Public Law 105-33, 111 Stat. 251, referred to in this section as the Balanced Budget Act of 1997.

[RR 1997, c. 2, §46 (RAL).]

2. Eligibility; enrollment. Health coverage under the Cub Care program is available to children under 19 years of age whose family income is above the eligibility level for Medicaid under section 3174-G and below the maximum eligibility level established under paragraphs A and B, who meet the requirements set forth in paragraph C and for whom premiums are paid under subsection 5.

A. The maximum eligibility level, subject to adjustment by the commissioner under paragraph B, is 200% of the nonfarm income official poverty line. [PL 1999, c. 401, Pt. QQ, §1 (AMD); PL 1999, c. 401, Pt. QQ, §5 (AFF).]

B. If the commissioner has determined the fiscal status of the Cub Care program under subsection 8 and has determined that an adjustment in the maximum eligibility level is required under this paragraph, the commissioner shall adjust the maximum eligibility level in accordance with the requirements of this paragraph.
(1) The adjustment must accomplish the purposes of the Cub Care program set forth in subsection 1.

(2) If Cub Care program expenditures are reasonably anticipated to exceed the program budget, the commissioner shall lower the maximum eligibility level set in paragraph A to the extent necessary to bring the program within the program budget.

(4) The commissioner shall give at least 30 days' notice of the proposed change in maximum eligibility level to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs and the joint standing committee of the Legislature having jurisdiction over health and human services matters. [RR 1997, c. 2, §46 (RAL).]

C. All children resident in the State are eligible except a child who:

(1) Is eligible for coverage under the Medicaid program;

(2) Is covered under a group health insurance plan or under health insurance, as defined in Section 2791 of the federal Public Health Service Act, 42 United States Code, Section 300gg(c) (Supp. 1997);

(4) Is an inmate in a public institution or a patient in an institution for mental diseases; or

(5) Within the 3 months prior to application for coverage under the Cub Care program, was insured or otherwise provided coverage under an employer-based health plan for which the employer paid 50% or more of the cost for the child's coverage, except that this subparagraph does not apply if:

(a) The cost to the employee of coverage for the family exceeds 10% of the family's income;

(b) The parent lost coverage for the child because of a change in employment, termination of coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985, COBRA, of the Employee Retirement Income Security Act of 1974, as amended, 29 United States Code, Sections 1161 to 1168 (Supp. 1997) or termination for a reason not in the control of the employee; or

(c) The department has determined that grounds exist for a good-cause exception. [PL 2017, c. 284, Pt. SSSSSS, §1 (AMD).]

D. Notwithstanding changes in the maximum eligibility level determined under paragraph B, the following requirements apply to enrollment and eligibility:

(1) Children must be enrolled for 12-month enrollment periods. Prior to the end of each 12-month enrollment period the department shall redetermine eligibility for continuing coverage; and

(2) Children of higher family income may not be covered unless children of lower family income are also covered. This subparagraph may not be applied to disqualify a child during the 12-month enrollment period. Children of higher income may be disqualified at the end of the 12-month enrollment period if the commissioner has lowered the maximum eligibility level under paragraph B. [PL 2001, c. 450, Pt. A, §3 (AMD).]

E. Coverage under the Cub Care program may be purchased for children described in subparagraphs (1) and (2) for a period of up to 18 months as provided in this paragraph at a premium level that is revenue neutral and that covers the cost of the benefit and a contribution toward administrative costs no greater than the maximum level allowable under COBRA. The department shall adopt rules to implement this paragraph. The following children are eligible to enroll under this paragraph:
(1) A child who is enrolled under paragraph A or B and whose family income at the end of the child's 12-month enrollment term exceeds the maximum allowable income set in that paragraph; and

(2) A child who is enrolled in the Medicaid program and whose family income exceeds the limits of that program. The department shall terminate Medicaid coverage for a child who enrolls in the Cub Care program under this subparagraph. [PL 2001, c. 450, Pt. A, §3 (AMD).] [PL 2017, c. 284, Pt. SSSSSS, §1 (AMD).]

3. Program administration; benefit design. With the exception of premium payments under subsection 5 and any other requirements imposed under this section, the Cub Care program must be integrated with the Medicaid program and administered with it in one administrative structure within the department, with the same enrollment and eligibility processes, benefit package and outreach and in compliance with the same laws and policies as the Medicaid program, except when those laws and policies are inconsistent with this section and the Balanced Budget Act of 1997. The department shall adopt and promote a simplified eligibility form and eligibility process. [RR 1997, c. 2, §46 (RAL).]

4. Benefit delivery. The Cub Care program must use, but is not limited to, the same benefit delivery system as the Medicaid program, providing benefits through the same health plans, contracting process and providers. Copayments and deductibles may not be charged for benefits provided under the program. [RR 1997, c. 2, §46 (RAL).]

5. Premium payments. Premiums must be paid in accordance with this subsection.

A. Premiums must be paid at the beginning of each month for coverage for that month according to the following scale:

(1) Families with incomes between 150% and 160% of the federal nonfarm income official poverty line pay premiums of 5% of the benefit cost per child, but not more than 5% of the cost for 2 children;

(2) Families with incomes between 160% and 170% of the federal nonfarm income official poverty line pay premiums of 10% of the benefit cost per child, but not more than 10% of the cost for 2 children;

(3) Families with incomes between 170% and 185% of the federal nonfarm income official poverty line must pay premiums of 15% of the benefit cost per child, but not more than 15% of the cost for 2 children; and

(4) Families with incomes between 185% and 200% of the federal nonfarm income official poverty line must pay premiums of 20% of the benefit cost per child, but not more than 20% of the cost for 2 children. [PL 2003, c. 673, Pt. TTT, §1 (RPR); PL 2003, c. 673, Pt. TTT, §§3, 5 (AFF).]

B. When a premium is not paid at the beginning of a month, the department shall give notice of nonpayment at that time and again at the beginning of the 6th month of the 6-month enrollment period if the premium is still unpaid, and the department shall provide an opportunity for a hearing and a grace period in which the premium may be paid and no penalty will apply for the late payment. If a premium is not paid by the end of the grace period, coverage must be terminated unless the department has determined that waiver of premium is appropriate under paragraph D. The grace period is determined according to this paragraph.

(1) If nonpayment is for the first, 2nd, 3rd, 4th or 5th month of the 6-month enrollment period, the grace period is equal to the remainder of the 6-month enrollment period.
(2) If nonpayment is for the 6th month of the 6-month enrollment period, the grace period is equal to 6 weeks.  [RR 1997, c. 2, §46 (RAL).]

C. A child whose coverage under the Cub Care program has been terminated for nonpayment of premium and who has received coverage for a month or longer without premium payment may not reenroll until after a waiting period that equals the number of months of coverage under the Cub Care program without premium payment, not to exceed 3 months.  [RR 1997, c. 2, §46 (RAL).]

D. The department shall adopt rules allowing waiver of premiums for good cause.  [RR 1997, c. 2, §46 (RAL).]

[PL 2003, c. 673, Pt. TTT, §1 (RPR); PL 2003, c. 673, Pt. TTT, §§3, 5 (AFF).]

6. Incentives. In the contracting process for the Cub Care program and the Medicaid program, the department shall create incentives to reward health plans that contract with school-based clinics, community health centers and other community-based programs.  [RR 1997, c. 2, §46 (RAL).]

7. Administrative costs. The department shall budget 2% of the costs of the Cub Care program for outreach activities. After the first 6 months of the program and to the extent that the program budget allows, the department may expend up to 3% of the program budget on activities to increase access to health care. Administrative costs must include the cost of staff with experience in health policy administration equal to one full-time equivalent position.  [RR 1997, c. 2, §46 (RAL).]

8. Quarterly determination of fiscal status; reports. On a quarterly basis, the commissioner shall determine the fiscal status of the Cub Care program, determine whether an adjustment in maximum eligibility level is required under subsection 2, paragraph B and report to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs and the joint standing committee of the Legislature having jurisdiction over health and human services matters on the following matters:

A. Enrollment approvals, denials, terminations, reenrollments, levels and projections. With regard to denials, the department shall gather data from a statistically significant sample and provide information on the income levels of children who are denied eligibility due to family income level;  [RR 1997, c. 2, §46 (RAL).]

B. Cub Care program expenditures, expenditure projections and fiscal status;  [RR 1997, c. 2, §46 (RAL).]

C. Proposals for increasing or decreasing enrollment consistent with subsection 2, paragraph B;  [RR 1997, c. 2, §46 (RAL).]

D. Proposals for enhancing the Cub Care program;  [RR 1997, c. 2, §46 (RAL).]

E. Any information the department has from the Cub Care program or from the Bureau of Insurance or the Department of Labor on employer health coverage and insurance coverage for low-income children;  [RR 1997, c. 2, §46 (RAL).]

F. The use of and experience with the purchase option under subsection 2, paragraph D; and  [RR 1997, c. 2, §46 (RAL).]

G. Cub Care program administrative costs.  [RR 1997, c. 2, §46 (RAL).]

9. Provisions applicable to federally recognized Indian tribes. After consultation with federally recognized Indian nations, tribes or bands of Indians in the State, the commissioner shall adopt rules regarding eligibility and participation of children who are members of a nation, tribe or band, consistent with Title 30, section 6211, in order to best achieve the goal of providing access to health care for all qualifying children within program requirements, while using all available federal funds.
10. **Rulemaking.** The department shall adopt rules in accordance with Title 5, chapter 375 as required to implement this section. Rules adopted pursuant to this subsection are routine technical rules as defined by Title 5, chapter 375, subchapter II-A.

11. **Cub Care drug rebate program.** Effective October 1, 1999, the department shall enter into a drug rebate agreement with each manufacturer of prescription drugs that results in a rebate equal to that which would be achieved under the federal Social Security Act, Section 1927.

   A. [PL 1999, c. 522, §1 (RP); PL 1999, c. 522, §2 (AFF).]

12. **Premium rate review; adjustment.** Effective July 1, 2004, the department shall periodically evaluate the amount of premiums charged under this section to ensure that the premiums charged reflect the most current benefit cost per child. The commissioner shall adjust the premiums by rule. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.
