This chapter may not be construed as prohibiting a physician or surgeon from delegating to the physician's or surgeon's employees or support staff certain activities relating to medical care and treatment carried out by custom and usage when the activities are under the control of the physician or surgeon. The physician delegating these activities to employees or support staff, to program graduates or to participants in an approved training program is legally liable for the activities of those individuals, and any individual in this relationship is considered the physician's agent. This section may not be construed to apply to registered nurses acting pursuant to chapter 31. [PL 2013, c. 33, §2 (AMD).]

When the delegated activities are part of the practice of optometry as defined in chapter 34-A, then the individual to whom these activities are delegated must possess a valid license to practice optometry in Maine, or otherwise may perform only as a technician within the established office of a physician, and otherwise acting solely on the order of and under the responsibility of a physician skilled in the treatment of eyes as designated by the proper professional board, and without assuming evaluation or interpretation of examination findings by prescribing corrective procedures to preserve, restore or improve vision.    A. Graduate from a medical school designated as accredited by the Liaison Committee on Medical Education; [PL 1983, c. 741, §1 (NEW).]

Notwithstanding other requirements of postgraduate training, an applicant is eligible for licensure when the candidate has satisfactorily graduated from a combined postgraduate training program in which each of the contributing programs is accredited by the Accreditation Council on Graduate Medical Education and the applicant is eligible for accreditation by the American Board of Medical Specialties in both specialties. Each applicant who has graduated from an accredited medical school prior to January 1, 1970 must have satisfactorily completed at least 12 months in a graduate educational program accredited by the Accreditation Council on Graduate Medical Education, the Canadian Medical Association or the Royal College of Physicians and Surgeons of Canada. For the purposes of this subsection, "maintenance of certification" means a program that requires a physician to engage in periodic examination, self-assessment, peer evaluation or other activities to maintain certification from a specialty medical board.

[PL 2017, c. 189, §2 (AMD).]

B. If the physician meets the requirements of paragraph A, the board shall use the following qualifications of the physician to determine whether to grant a waiver:

   (2) Appointment to a clinical academic position at a licensed medical school in the United States;

C. The costs associated with the board's determination of licensing eligibility in regard to paragraph B must be paid by the applicant upon completion of the determination under paragraph A. The

1. **Licensure without examination.** The board may, at its discretion, grant licensure without written examination to a physician in good standing who otherwise meets the requirements of section 3271 and who has been:

   A. Examined and certified by the National Board of Medical Examiners; [PL 1977, c. 388, §4 (RPR).]

An applicant may not be licensed pursuant to this section, unless the board finds that no cause exists,

licensed physician or surgeon. [PL 1993, c. 600, Pt. A, §211 (AMD).]

2. Fees. A physician who applies for a license pursuant to subsection 1 shall pay a fee of not more

SECTION HISTORY

§3275-A. Background check for expedited licensure through the Interstate Medical Licensure
Compact

1. Background check. The board shall request a background check for an individual licensed
under this chapter who applies for an expedited license under section 18506. The background check
must include criminal history record information obtained from the Maine Criminal Justice Information
System and the Federal Bureau of Investigation.

A. The criminal history record information obtained from the Maine Criminal Justice Information
System must include a record of public criminal history record information as defined in Title 16,
section 703, subsection 8. [PL 2017, c. 253, §6 (NEW).]

B. The criminal history record information obtained from the Federal Bureau of Investigation must
include other state and national criminal history record information. [PL 2017, c. 253, §6
(NEW).]

C. An applicant shall submit to having fingerprints taken. The State Police, upon payment by the
applicant, shall take or cause to be taken the applicant's fingerprints and shall forward the
fingerprints to the State Bureau of Identification so that the bureau can conduct state and national
criminal history record checks. Except for the portion of the payment, if any, that constitutes the
processing fee charged by the Federal Bureau of Investigation, all money received by the State
Police for purposes of this paragraph must be paid over to the Treasurer of State. The money must
be applied to the expenses of administration incurred by the Department of Public Safety. [PL
2017, c. 253, §6 (NEW).]

D. The subject of a Federal Bureau of Investigation criminal history record check may obtain a
copy of the criminal history record check by following the procedures outlined in 28 Code of
Federal Regulations, Sections 16.32 and 16.33. The subject of a state criminal history record check
may inspect and review the criminal history record information pursuant to Title 16, section 709.
[PL 2017, c. 253, §6 (NEW).]

E. State and federal criminal history record information of an applicant may be used by the board
for the purpose of screening that applicant. [PL 2017, c. 253, §6 (NEW).]
F. Information obtained pursuant to this subsection is confidential. The results of background checks received by the board are for official use only and may not be disseminated to the Interstate Medical Licensure Compact Commission, established in section 18512, or to any other person or entity. [PL 2017, c. 253, §6 (NEW).]

G. An individual whose expedited licensure through the Interstate Medical Licensure Compact under chapter 145 has expired and who has not applied for renewal may request in writing that the State Bureau of Identification remove the individual's fingerprints from the bureau's fingerprint file. In response to a written request, the bureau shall remove the individual's fingerprints from the fingerprint file and provide written confirmation of that removal. [PL 2017, c. 253, §6 (NEW).]

2. Rules. The board, following consultation with the State Bureau of Identification, shall adopt rules to implement this section. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

SECTION HISTORY
PL 2017, c. 253, §6 (NEW).

§3276. Temporary licensure

A physician who is qualified under section 3275 may, without examination, be granted a temporary license for a period not to exceed one year when the board determines that this action is necessary in order to provide relief for local or national emergencies or for situations in which the number of physicians is insufficient to supply adequate medical services or for the purpose of permitting the physician to serve as locum tenens for another physician who is licensed to practice medicine in this State. The fee for this temporary license may not be more than $400. [PL 2003, c. 601, §5 (AMD).]

SECTION HISTORY

§3277. Youth camp physicians

A physician who is qualified under section 3275 may, at the discretion of the board, be temporarily licensed as a youth camp physician so that the physician may care for the campers in that particular youth camp licensed under Title 22, section 2495 for which the physician was hired and retained as a youth camp physician. That physician is entitled to practice only on patients in the youth camp. The temporary license must be obtained each year. Application for this temporary license must be made in the same form and manner as for regular licensure. An examination may not be exacted from applicants for these temporary licenses. The fee for temporary licensure may not be more than $400 annually. [PL 2009, c. 211, Pt. B, §28 (AMD).]

SECTION HISTORY

§3278. Emergency 100-day license

A physician who presents a current active unconditioned license from another United States licensing jurisdiction and who can provide reasonable proof of meeting qualifications for licensure in this State must be issued a license to serve temporarily for declared emergencies in the State or for
other appropriate reasons as determined by the board. The license is effective for not more than 100 days. The fee for this license may be not more than $400. [PL 2005, c. 162, §6 (AMD).]

SECTION HISTORY

§3279. Interns; residents; visiting instructors

1. Interns.
[PL 2003, c. 601, §7 (RP).]

2. Residents. An applicant who is qualified under section 3271, subsection 1 may receive a temporary educational certificate from the board to act as a hospital resident. A certificate to a hospital resident may be renewed every 3 years at the discretion of the board for not more than 7 years.
[PL 2003, c. 601, §8 (AMD).]

2-A. Joint-program resident. An applicant who is enrolled in a program of medical and graduate medical training conducted jointly by a medical school accredited by the Liaison Committee on Medical Education and a graduate medical education program approved by the Accreditation Council on Graduate Medical Education may receive a temporary educational certificate from the board to act as a hospital resident as part of that graduate medical education program if the applicant is concurrently enrolled in the final year of medical training and the initial year of graduate medical education. The board may not issue a certificate pursuant to this subsection for a period longer than that required to obtain the M.D. degree. The period during which the certificate is in force may not be considered in determining satisfaction of the requirement for postgraduate medical education under section 3271, subsection 2.
[PL 1995, c. 337, §2 (NEW).]

3. Conditions of certification. An applicant for a temporary educational certificate may not be certified unless the board finds that the applicant is qualified and that there exists no cause, as set forth in section 3282-A, that would be considered grounds for disciplinary action against a licensed physician or surgeon. The board, in its discretion, may require an examination for applicants for temporary educational certificates. Recipients of these certificates are entitled to all the rights granted to physicians who are licensed to practice medicine and surgery, except that their practice is limited to the training programs in which they are enrolled. A temporary educational certificate may be suspended or revoked, or the board may refuse to renew the certificate, for the reasons stated in section 3282-A, or if the intern or hospital resident has violated the limitations placed upon the intern's temporary educational certificate.
[PL 1993, c. 600, Pt. A, §215 (AMD).]

4. Visiting instructors. A physician who has an unrestricted license to practice medicine or surgery in another state may practice medicine or surgery in this State when the physician is performing medical procedures as part of a course of instruction in graduate medical education in a hospital located in this State. The right of a visiting medical instructor to practice medicine in this State may be suspended or revoked for the reasons stated in section 3282-A, or if the visiting medical instructor has performed medical procedures that are not a part of a course of instruction.
[PL 1993, c. 600, Pt. A, §215 (AMD).]

5. Contract students. An applicant who is qualified under section 3271, subsection 1, who received a medical education as a contract student as provided in Title 20-A, chapter 421, and who agrees to practice in a primary care or other specialized area as defined in Title 20-A, section 11803, subsection 2, or an underserved area as defined in Title 20-A, section 11802, is considered to have completed the postgraduate training requirements of section 3271, subsection 2, upon satisfactory
completion of at least 12 months in a graduate educational program approved as specified in section 3271. The board may make the relicensure of an individual for 4 years after the individual's licensure under this subsection contingent on the individual's continuing to practice in an underserved area.

This subsection applies only to individuals entering into a contract under Title 20-A, chapter 421, on or before December 31, 1984.

[PL 1993, c. 600, Pt. A, §215 (AMD).]

6. Fees. The board shall set fees for physicians and students licensed pursuant to this section. The amounts set for licenses issued under this section may not be more than $300.

[PL 2003, c. 601, §8 (AMD).]

§3280. Biennial reregistration; fees

(REPEALED)

SECTION HISTORY

§3280-A. Biennial renewal of licenses; qualification; fees; reinstatement after lapse

1. Renewal of licenses. A physician licensed pursuant to section 3271 or 3275 shall apply to the board for relicensure using application forms and submitting supporting documents required by the board. Except as provided in paragraph A for initial proration of expiration dates, the board shall provide to every physician whose application is approved and accepted a proof of license renewal that is valid for no longer than 2 years.

A. Beginning with licenses expiring after July 1, 1994, regardless of the date of initial licensure or last license renewal, the license of every physician born in an odd-numbered year expires at midnight in 1995 on the last day of the month of the physician's birth. The license of every physician born in an even-numbered year expires at midnight in 1996 on the last day of the month of the physician's birth. Upon expiration, a physician must renew the license issued pursuant to this section and this license must be renewed every 2 years by the last day of the month of birth of the physician seeking license renewal by means of application to the board, on forms prescribed and supplied by the board. [PL 1993, c. 526, §2 (NEW); PL 1993, c. 526, §4 (AFF).]

B. At least 60 days prior to expiration of a current license, the board shall notify each licensee of the requirement to renew the license. If an administratively complete license renewal application, as determined pursuant to subsection 3, paragraph B, has not been submitted prior to the expiration date of the existing license, the license immediately and automatically expires. A license may be reinstated within 90 days after the date of expiration upon payment of the renewal fee and late fee. If an administratively complete renewal application is not submitted within 90 days of the date of the expiration of the license, the license immediately and automatically lapses. The board may reinstate a license that has lapsed pursuant to subsection 4. [PL 2017, c. 63, §1 (AMD).]

[PL 2017, c. 63, §1 (AMD).]

2. Criteria for license renewal. Prior to renewing a license:
A. The board may pose any question to the licensee or other sources that the board determines appropriate related to qualification for relicensure. These matters may include, but are not limited to, confirmation of health status, professional standing and conduct, professional liability claims history and license status in other jurisdictions. The board shall, after affording the licensee due process, deny license renewal if the board finds cause that may be considered grounds for refusal to renew the license pursuant to section 3282-A, including, but not limited to, a determination that an outstanding financial obligation to the board exists; and [PL 2003, c. 601, §9 (AMD)].

B. Every licensee seeking renewal of a license with the intent of conducting active medical practice in this State shall submit evidence, satisfactory to the board, of successful completion of a course of continuing medical education within the preceding 24 months, as prescribed by rule. A physician licensed pursuant to section 3271 or 3275 may not engage in the practice of medicine in this State in any degree, including advising or prescribing medication for self, friends or family with or without charge, unless the board has found the licensee qualified by continuing medical education and has marked the current license with the designation "active." [PL 1993, c. 526, §2 (NEW); PL 1993, c. 526, §4 (AFF).]

3. Fees. The following fees apply to licensure.

A. The board may charge a license renewal application fee of not more than $500 to all applicants for license renewal. [PL 2005, c. 162, §7 (AMD).]

B. In addition to the application processing fee, the board may require payment of a late application fee of not more than $100 from all licensees, regardless of age, from whom the board has not received an administratively complete license renewal application prior to the license expiration date. An application is not administratively complete if it is not signed and dated by the licensee or does not provide full information and responses of sufficient detail to permit board review, evaluation and decision on renewal qualification. An application received without the required license renewal application fee is considered incomplete and the applicant is subject to a late fee. [PL 1993, c. 526, §2 (NEW); PL 1993, c. 526, §4 (AFF).]

C. The board may prorate the fee for biennial relicensure for physicians who have been initially licensed within the past 12 months. The manner of proration, if done, must be explained in the board's published schedule of fees. The board may waive all or a portion of the established license renewal application fee upon receipt of a request for waiver based on hardship or other special circumstance. Any waiver request granted and the basis for the waiver must be recorded in the minutes of the board's proceedings. [PL 1993, c. 526, §2 (NEW); PL 1993, c. 526, §4 (AFF).]

D. Unless received and deposited to the board's account in error and in violation of this section or the board's rules, a license renewal application fee or late fee paid to the board is not refundable if the board or the board's staff has commenced processing the application, regardless of the board's action on the application. [PL 1993, c. 526, §2 (NEW); PL 1993, c. 526, §4 (AFF).]

4. Reinstatement after lapse. A physician may be reinstated after the lapse of a license under the following conditions.

A. A license that has lapsed pursuant to subsection 1, paragraph B may be reinstated upon application by the physician on forms provided by the board. A physician whose license has lapsed for more than 5 years shall apply for a new license in order to practice medicine in the State. [PL 1993, c. 526, §2 (NEW); PL 1993, c. 526, §4 (AFF).]

B. When applying for reinstatement, the licensee must state the reason why the license lapsed and pay all fees in arrears at the time of lapse plus the current license renewal application fee and a
nonrefundable reinstatement application processing fee of $100. [PL 1993, c. 526, §2 (NEW); PL 1993, c. 526, §4 (AFF).]

C. The board may not reinstate a lapsed license if the board finds any cause that may be considered a ground for discipline pursuant to section 3282-A if the license had been in force. Prior to concluding that no cause exists, the board shall conduct the inquiries required by subsection 2, paragraph A for applications for renewal. In addition, the board may not reinstate the license of any physician who has not provided evidence satisfactory to the board of having actively engaged in the practice of medicine continuously for at least the past 12 months under the license of another jurisdiction of the United States or Canada unless the applicant has first satisfied the board of the applicant's current competency by passage of written examinations or practical demonstrations as the board may from time to time prescribe for this purpose through rulemaking. [PL 1993, c. 526, §2 (NEW); PL 1993, c. 526, §4 (AFF).]

[PL 1993, c. 526, §2 (NEW); PL 1993, c. 526, §4 (AFF).]

SECTION HISTORY

§3281. Withdrawal of license

The holder of a license or temporary license who notifies the board in writing of the withdrawal of the holder's license is not required to pay licensure fees or penalties beyond those due at the time of the holder's withdrawal, but after a holder gives this notice, the holder's license to practice is not valid until reinstated by the board. [PL 1993, c. 600, Pt. A, §217 (AMD).]

An applicant for reinstatement is entitled to be reinstated upon paying a reinstatement fee of $50 and satisfying the board that the applicant has paid all fees and penalties due at the time of the applicant's withdrawal, and no cause exists for revoking or suspending the applicant's license, and the applicant has applied within 5 years after the applicant's withdrawal, and was in active practice outside this State within one year prior to the filing of application for reinstatement. [PL 1993, c. 600, Pt. A, §217 (AMD).]

SECTION HISTORY

§3282. Complaints; allegations; grounds for investigation and hearing

(REPEALED)

SECTION HISTORY

§3282-A. Disciplinary sanctions

1. Disciplinary proceedings and sanctions. The board shall investigate a complaint, on its own motion or upon receipt of a written complaint filed with the board, regarding noncompliance with or violation of this chapter or any rules adopted by the board.

The board shall notify the licensee of the content of a complaint filed against the licensee as soon as possible, but not later than 60 days after receipt of this information. The licensee shall respond within 30 days. The board shall share the licensee's response with the complainant, unless the board determines that it would be detrimental to the health of the complainant to obtain the response. If the licensee's response to the complaint satisfies the board that the complaint does not merit further
investigation or action, the matter may be dismissed, with notice of the dismissal to the complainant, if any.

If, in the opinion of the board, the factual basis of the complaint is or may be true and the complaint is of sufficient gravity to warrant further action, the board or a subcommittee of the board may request and conduct an informal conference with the licensee. The board shall provide the licensee with adequate notice of the conference and the issues to be discussed. The complainant may attend and may be accompanied by up to 2 individuals, including legal counsel. The conference must be conducted in executive session of the board or a subcommittee of the board, pursuant to Title 1, section 405, unless otherwise requested by the licensee. Before the board decides what action to take at the conference or as a result of the conference, the board or a subcommittee of the board shall give the complainant a reasonable opportunity to speak. Statements made at the conference may not be introduced at a subsequent formal hearing unless all parties consent. The complainant, the licensee or either of their representatives shall maintain the confidentiality of the conference.

When a complaint has been filed against a licensee and the licensee moves or has moved to another state, the board may report to the appropriate licensing board in that state the complaint that has been filed, other complaints in the physician's record on which action was taken and disciplinary actions of the board with respect to that physician.

When an individual applies for a license under this chapter, the board may investigate the professional record of that individual, including professional records that the individual may have as a licensee in other states. The board may deny a license or authorize a restricted license based on the record of the applicant in other states.

If the board finds that the factual basis of the complaint is true and is of sufficient gravity to warrant further action, it may take any of the following actions it determines appropriate.

A. With the consent of the licensee, the board may enter into a consent agreement that fixes the period and terms of probation best adapted to protect the public health and safety and rehabilitate or educate the licensee. A consent agreement may be used to terminate a complaint investigation, if entered into by the board, the licensee and the Attorney General's office. [PL 1991, c. 824, Pt. A, §68 (RPR).]

B. In consideration for acceptance of a voluntary surrender of the license, the board may negotiate stipulations, including terms and conditions for reinstatement, that ensure protection of the public health and safety and serve to rehabilitate or educate the licensee. These stipulations may be set forth only in a consent agreement signed by the board, the licensee and the Attorney General's office. [PL 1991, c. 824, Pt. A, §68 (RPR).]

C. If the board concludes that modification or nonrenewal of the license is in order, the board shall hold an adjudicatory hearing in accordance with Title 5, chapter 375, subchapter 4. [PL 2009, c. 28, §1 (AMD).]

D. [PL 2013, c. 355, §8 (RP).]

The board shall require a licensee to notify all patients of the licensee of a probation or stipulation under which the licensee is practicing as a result of board disciplinary action. This requirement does not apply to a physician participating in an alcohol or drug treatment program pursuant to Title 24, section 2505, a physician who retires following charges made or complaints investigated by the board or a physician under the care of a professional and whose medical practices and services are not reduced, restricted or prohibited by the disciplinary action. [PL 2013, c. 355, §8 (AMD).]

2. **Grounds for discipline.** The board may suspend or revoke a license pursuant to Title 5, section 10004. The following are grounds for an action to refuse to issue, modify, restrict, suspend, revoke or refuse to renew the license of an individual licensed under this chapter:
A. The practice of fraud, deceit or misrepresentation in obtaining a license under this chapter or in connection with service rendered within the scope of the license issued; [PL 2013, c. 355, §9 (AMD).]

B. Misuse of alcohol, drugs or other substances that has resulted or may result in the licensee performing services in a manner that endangers the health or safety of patients; [PL 2013, c. 105, §7 (AMD).]

C. A professional diagnosis of a mental or physical condition that has resulted or may result in the licensee performing services in a manner that endangers the health or safety of patients; [PL 1993, c. 600, Pt. A, §218 (AMD).]

D. Aiding or abetting the practice of medicine by an individual who is not licensed under this chapter and who claims to be legally licensed; [PL 1993, c. 600, Pt. A, §218 (AMD).]

E. Incompetence in the practice for which the licensee is licensed. A licensee is considered incompetent in the practice if the licensee has:

   (1) Engaged in conduct that evidences a lack of ability or fitness to discharge the duty owed by the licensee to a client or patient or the general public; or

   (2) Engaged in conduct that evidences a lack of knowledge or inability to apply principles or skills to carry out the practice for which the licensee is licensed; [PL 1993, c. 600, Pt. A, §218 (AMD).]

F. Unprofessional conduct. A licensee is considered to have engaged in unprofessional conduct if the licensee violates a standard of professional behavior, including engaging in disruptive behavior, that has been established in the practice for which the licensee is licensed. For purposes of this paragraph, "disruptive behavior" means aberrant behavior that interferes with or is likely to interfere with the delivery of care; [PL 2007, c. 380, §3 (AMD).]

G. Subject to the limitations of Title 5, chapter 341, conviction of a crime that involves dishonesty or false statement or relates directly to the practice for which the licensee is licensed, or conviction of a crime for which incarceration for one year or more may be imposed; [PL 1993, c. 600, Pt. A, §218 (AMD).]

H. A violation of this chapter or a rule adopted by the board; [PL 1993, c. 600, Pt. A, §218 (AMD).]

I. Engaging in false, misleading or deceptive advertising; [PL 1983, c. 378, §53 (NEW).]

J. Prescribing narcotic or hypnotic or other drugs listed as controlled substances by the Drug Enforcement Administration for other than accepted therapeutic purposes; [PL 1989, c. 291, §4 (AMD).]

K. Failure to report to the secretary of the board a physician licensed under this chapter for addiction to alcohol or drugs or for mental illness in accordance with Title 24, section 2505, except when the impaired physician is or has been a patient of the licensee; [PL 1997, c. 680, Pt. C, §6 (AMD).]

L. Failure to comply with the requirements of Title 24, section 2905-A; [PL 2013, c. 355, §10 (AMD).]

M. Revocation, suspension or restriction of a license to practice medicine or other disciplinary action; denial of an application for a license; or surrender of a license to practice medicine following the institution of disciplinary action by another state or a territory of the United States or a foreign country if the conduct resulting in the disciplinary or other action involving the license would, if committed in this State, constitute grounds for discipline under the laws or rules of this State; [PL 2013, c. 355, §11 (AMD).]
N. Engaging in any activity requiring a license under the governing law of the board that is beyond the scope of acts authorized by the license held; [PL 2013, c. 355, §12 (NEW).]

O. Continuing to act in a capacity requiring a license under the governing law of the board after expiration, suspension or revocation of that license; [PL 2013, c. 355, §12 (NEW).]

P. Noncompliance with an order or consent agreement of the board; [PL 2013, c. 355, §12 (NEW).]

Q. Failure to produce upon request of the board any documents in the licensee's possession or under the licensee's control concerning a pending complaint or proceeding or any matter under investigation by the board, unless otherwise prohibited by state or federal law; [PL 2015, c. 488, §18 (AMD).]

R. Failure to timely respond to a complaint notification sent by the board; [PL 2019, c. 165, §13 (AMD).]

S. Failure to comply with the requirements of Title 22, section 7253; or [PL 2019, c. 165, §14 (AMD).]

T. A violation of section 3300-G. [PL 2019, c. 165, §15 (NEW).]

The physician shall document the clinical diagnosis and treatment in the patient's medical record. The clinical diagnosis must be based on knowledge obtained through medical history and physical examination only or in conjunction with testing that provides supportive data for the clinical diagnosis.

SECTION HISTORY

§3286. Emergency action

Upon its own motion or upon complaint, the board, in the interests of public health, safety and welfare, shall treat as an emergency a complaint or allegation that an individual licensed under this chapter is or may be unable to practice medicine with reasonable skill and safety to patients by reason of mental illness, alcohol intemperance, excessive use of drugs, narcotics or as a result of a mental or physical condition interfering with the competent practice of medicine. In enforcing this paragraph, the board may compel a physician to submit to a mental or physical examination by a physician or another person designated by the board. Failure of a physician to submit to this examination when directed constitutes an admission of the allegations against the physician, unless the failure was due to circumstances beyond the physician's control, upon which a final order of disciplinary action may be entered without the taking of testimony or presentation of evidence. A physician affected under this paragraph must, at reasonable intervals, be afforded an opportunity to demonstrate that the physician can resume the competent practice of medicine with reasonable skill and safety to patients. [PL 2013, c. 355, §13 (AMD).]

For the purpose of this chapter, by practicing or by making and filing a biennial license to practice medicine in this State, every physician licensed under this chapter who accepts the privilege to practice medicine in this State is deemed to have given consent to a mental or physical examination when directed in writing by the board and to have waived all objections to the admissibility of the examiner's testimony or examination reports on the grounds that the testimony or reports constitute a privileged communication. [PL 2013, c. 355, §14 (AMD).]
Injunctions must issue immediately to enjoin the practice of medicine by an individual licensed to practice under this chapter when that individual's continued practice will or may cause irreparable damage to the public health or safety prior to the time proceedings under this chapter could be instituted and completed. In a petition for injunction pursuant to this section, there must be set forth with particularity the facts that make it appear that irreparable damage to the public health or safety will or may occur prior to the time proceedings under this chapter could be instituted and completed. The petition must be filed in the name of the board on behalf of the State. [PL 1993, c. 600, Pt. A, §219 (AMD).]

If the applicant or licensee so requests, the board shall send a copy of the redacted record to the applicant or licensee for review.
