**1. B. The authorized representative of the employer of the person exposed has informed the person whose blood or body fluid is the source of the occupational exposure and has sought to obtain written informed consent from the person whose blood or body fluid is the source of the exposure; and [PL 1995, c. 404, §7 (AMD).]

C. Written informed consent was not given by the person whose blood or body fluid is the source of the exposure and that person has refused to be tested, or, in the event of an occupational exposure in a health care setting when the source patient was not present and could not be contacted or was incapacitated, the individual contacted for authorization to test the source patient's blood or tissue sample denied the authorization. [PL 1999, c. 429, §4 (AMD).]
