

Antonio Blasi  
Hancock, Frenchman Bay, Maine, USA

LD 125 ought to pass; Beth Ahern has the right idea, along with Reps O'Neil, and Pleuker, and Senator Maxmim are the voices of the future. The toxicity of glycophosphate dictates that its use needs end. Even though Director Cormier says glycophosphate is part of silviculture, I say remove it. Change silviculture practices that include poisoning the land. Spend your research dollars to do this.
