I support upholding the law.

I support LD 471: An Act To Require Legislative Approval for Certain Leases of Public Lands.

Three leases (2014, 2015 and 2020) have been granted to CMP behind closed doors without legislative approval. This is a violation of a law that 72% of Mainers support.

"In 1993, 72% of Maine voters to amend the Maine Constitution to include Article IX, Section 23 to the Maine Constitution, which states: "State park land, public lots or other real estate held by the State for conservation or recreation purposes and designated by legislation implementing this section may not be reduced or its uses substantially altered except on the vote of $\frac{2}{3}$ of all the members elected to each house."

This should be a no-brainer.
