Carrabassett Valley

My name is Gary Lachance, native Mainer and 30 year resident of Franklin County. It is shocking to see Avangrid (hiding behind CMP) gain ownership of Maines' public lands while most towns oppose the destruction they have planned for Franklin and Somerset County's. We are being played like fools by feeding us with bogus ads, slick talk and backroom deals. Kiplinger's magazine most recent issue says 'Avangrid has a stock that could energize your portfolio.' And, 'two big renewable-energy projects should help Avangrid bolster its revenue stream.' They will profit millions: forever! And if you think it is clean read Blue Desserts. Please protect our special part of Maine and defend us from Avangrid, Hydro-Quebec and Massachusetts. It is the peoples land and we know the CMP corridor is so rotten it stinks!

Sincerely,  
Gary Lachance
