

Barry Brewster  
Saco

I would like to voice my opposition to LD 1599. It seems to be a redundant form of reporting since we all fill out a annual report for products used. Also the calling 24 hours before and within a week after is a serious burden as we have to deal with numerous issues just to start like weather, clients, breakdowns and repairs. We would be on the phone constantly with the BOP. So I oppose the bill.

Thank you  
Barry Brewster
